Approved by the board on 03 August 2011

And signed on their behalf by:

Mr A Mousicos, Director

This document was delivered using electronic communications and authenticated in accordance with the registrar's rules relating to electronic form, authentication and manner of delivery under section 1068 of the Companies Act 2006.

Notes to the Abbreviated Accounts

For the year ending 31 January 2011

1 Accounting policies**Accounting convention**

The financial statements have been prepared under the historical cost convention, as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the net rents receivable, excluding value added tax. Turnover is recognised when rent becomes due under the lease agreement.

Deferred tax

The charge for taxation takes into account taxation deferred as a result of timing differences between the treatment of certain items for taxation and accounting purposes. In general, deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. However, deferred tax assets are recognised only to the extent that the director considers that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred taxation is measured on a non-discounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date. No provision has been made for deferred tax arising on the revaluation of the Investment properties. An amount would be liable in the event of the properties being sold, but there are no plans to sell in the foreseeable future.

2 Investment Property

Cost Or Valuation	£
At 01 February 2010	<u>300,000</u>
At 31 January 2011	<u>300,000</u>
