2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Tangible fixed assets

Tangible fixed assets held for the company's own use are stated at cost less accumulated depreciation and accumulated impairment losses. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives as follows:

Office Equipment - 25% reducing balance

Assets held under finance leases are depreciated in the same way as owned assets.

At each balance sheet date, the company reviews the carrying amount of its tangible fixed assets to determine whether there is any indication that any items have suffered an impairment loss. If any such indication exists, the recoverable amount of an asset is estimated in order to determine the extent of the impairment loss, if any. Where it is not possible to estimate the recoverable amount of the asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs

Taxation

Corporation Tax will be provided on taxable profits at the current rate. When the taxation liabilities of the group undertakings are reduced wholly or in part with the surrender of losses by either group undertaking, the surrendering undertaking will be compensated by payment of the notional loss payable at the date the losses were surrendered.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Revenue recognition

Revenue represents the fair value of invoiced sales of services, excluding value added tax, having regard to the fulfilment of contractual obligations.
