NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2016

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover
Turnover represents net invoiced sales of goods, excluding value added tax.

Fee income represents revenue earned under a variety of contracts to provide professional services. Revenue is recognised as earned when, and to the extent that, the company obtains the right to consideration in exchange for its performance under these contracts. It is measured at the fair value of the right to consideration, which represents amounts receivable excluding value added tax.

Revenue is generally recognised as contracts activity progress so that for incomplete contracts it reflects partial performance of the contractual obligations. For such contracts the amount of revenue reflects the accrual of the right to consideration by reference to the value of work performed. Revenue not billed to the client is included in debtors.

Fee income that is contingent on events outside the control of the firm is recognised when the contingent event occurs.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.
