Notes to the Abbreviated Accounts
for the Year Ended 28 February 2013

1. **ACCOUNTING POLICIES**

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of goods, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Land and buildings	- 5% on cost
Plant and machinery etc	- 25% on reducing balance

Stocks

Stocks are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Going concern

At the balance sheet date the company's liabilities exceeded its assets. The company has received assurance from the director that he will continue to give financial support to the company for twelve months from the date of signing these financial statements.

On this basis the director considers it appropriate to prepare the accounts on a going concern basis. However should the financial support mentioned above not be forthcoming the going concern basis used in preparing the company's accounts may be invalid and adjustments would have to be made to reduce the value of assets to their realisable amount and to provide for any further liabilities which might arise. The accounts do not include any adjustment to the company's assets or liabilities that might be necessary should this basis not continue to be appropriate.
