2. Accounting policies

Compliance with accounting standards

The financial statements have been prepared in compliance with Financial Reporting Standard 101 Reduced Disclosure Framework ("FRS 101") and the Companies Act 2006. The date of transition to FRS 101 for the company was 1 January 2014. There were no changes in accounting policies or transition adjustments in preparing financial statements for the period ended 30 June 2015. Therefore no reconciliation between IFRS as previously reported and FRS 101 has been prepared for both total comprehensive income for the period ended 30 June 2015 and total equity as at 1 January 2014 and 30 June 2015.

Basis of preparation

The financial statements have been prepared under the historical cost convention. The preparation of financial statements in conformity with FRS 101 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. During the year and the previous period there were no areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the financial statements.
