1 ACCOUNTING POLICIES

The following accounting policies have been applied consistently in dealing with items which are considered material in relation to the financial statements except as noted below

Basis of Preparation

The financial statements have been prepared under the historical cost convention and in accordance with applicable Accounting Standards

Going Concern

The financial statements have been prepared on the going concern basis, which the Board believes to be appropriate on the basis set out below

Birmingham City University has provided a Letter of Support to the Board that states that it will continue to make available such funds as are needed by the Company for the forthcoming twelve months. The Board considers that this should enable it to continue in operational existence for the foreseeable future by meeting its liabilities as they fall due for payment

On the basis of the above, the Board acknowledges that it is reliant on the continued financial support of Birmingham City University to remain in operational existence and therefore believe it is appropriate to prepare the financial statements on a going concern basis

Turnover

Turnover represents the amounts (excluding Value Added Tax where appropriate) derived from the provision of services

Development Costs

The costs of development of new qualifications are expensed in the period as incurred

Taxation

i) Corporation Tax

The company does not hold any special tax status and, accordingly, is chargeable to corporation tax on both its taxable profits and chargeable gains

ii) Deferred Tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date. Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which the timing differences reverse

iii) Value Added Tax

The company is a partially exempt organisation and is therefore unable to reclaim all of the VAT charged on its purchases. Expenditure shown in the financial statements is inclusive of VAT where this expenditure relates to exempt activities
