G S CHADHA

Director

Company registration number: 05498521

SHANO & JAS INVESTMENT LTD

Notes to the Financial Statements

Year ended 31 July 2018

1. General information

The company is a private company limited by shares, registered in England and Wales. The address of the registered office is MELTON HOUSE 65-67, CLARENDON ROAD, WATFORD, WD17 1DS.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis, as modified by the revaluation of certain financial assets and liabilities and investment properties measured at fair value through profit or loss.

The financial statements are prepared in sterling, which is the functional currency of the entity.

Tangible assets

All assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Fixtures & fittings	-	20% reducing balance

Freehold Property & Leasehold Property is maintained in good order and condition, therefore Director has decided not to depreciate these Properties.

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities. Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability. Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

4. Tangible assets
