The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 31st December 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 31st December 2015 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The notes form part of these abbreviated accounts

Abbreviated Balance Sheet - continued
31st December 2015

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 2nd March 2016 and were signed by:

J J Younger - Director

The notes form part of these abbreviated accounts

Notes to the Abbreviated Accounts for the Year Ended 31st December 2015

1. ACCOUNTING POLICIES

Basis of preparing the financial statements
These financial statements have been prepared in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015) and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover
Turnover represents the value of goods and services supplied to customers during the year, net of Value Added Tax.

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life or, if held under a finance lease, over the lease term, whichever is the shorter.

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 15% on reducing balance
Motor vehicles	- 25% on reducing balance
Computer equipment	- 33% on reducing balance

Cost is defined as the purchase cost less any residual value.

Depreciation is charged from the month of acquisition at the above rates.

The net book values of the assets are regularly reviewed by the directors and further adjustments to carrying values are made where considered appropriate.

Deferred tax
Deferred taxation is recognised in respect of all significant timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date. Full provision is made without discounting for all significant deferred tax liabilities. Significant deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered against taxable profits.

Hire purchase and leasing commitments
Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to profit or loss over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.
