The company is entitled to exemption from audit under Section 477 of the Companies Act 2006 for the year ended 30 April 2015.

The members have not required the company to obtain an audit of its financial statements for the year ended 30 April 2015 in accordance with Section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for:

(a) ensuring that the company keeps accounting records which comply with Sections 386 and 387 of the Companies Act 2006 and

(b) preparing financial statements which give a true and fair view of the state of affairs of the company as at the end of each financial year and of its profit or loss for each financial year in accordance with the requirements of Sections 394 and 395 and which otherwise comply with the requirements of the Companies Act 2006 relating to financial statements, so far as applicable to the company.

The abbreviated accounts have been prepared in accordance with the special provisions of Part 15 of the Companies Act 2006 relating to small companies.

The financial statements were approved by the director on 25 January 2016 and were signed by:

A Zarbafi - Director

NOTES TO THE ABBREVIATED ACCOUNTS
for the year ended 30 April 2015

1. ACCOUNTING POLICIES

Accounting convention
The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain assets and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Tangible fixed assets
Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Fixtures and fittings - 33.33% on cost

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Taxable losses carried forward which result in the right to pay less tax in the future are only provided to the extent that they are recoverable. Timing differences are differences between the company's taxable profits and its results as stated in the financial statements.

No provision is made for deferred tax on unrealised gains recognised on revaluing property to its market value.

Deferred tax is measured at the tax rates that are expected to apply in the periods in which timing differences are expected to reverse, based on tax rates and laws that have been enacted or substantially enacted by the balance sheet date. Deferred tax is measured on a non-discounted basis.

Investment property
In accordance with Statement of Standard Accounting Practice Number 19, investment properties are revalued annually and the aggregate surplus or deficit is transfered to a revaluation reserve and no depreciation or amortisation is provided in respect of the freehold investment properties.

This treatment of the company's investment properties is a departure from the requirements of the Companies Act 2006 concerning depreciation of fixed assets. However, these properties are not held for consumption but for investment, and the directors consider that systematic annual depreciation or amortisation would be inappropriate. The accounting policy adopted by the company is therefore necessary for the accounts to give a true and fair view. Depreciation or amortisation is only one of the many factors reflected in the annual revaluation, and the amount which might otherwise have been shown in the financial statements for depreciation or amortisation cannot be separately identified or quantified.
