TRUSTEES ANNUAL REPORT *(continued)*

YEAR ENDED 31 DECEMBER 2010

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

Citygate Church is a charitable company, limited by guarantee, incorporated on 8 August 2006 and registered as a charity on 15 February 2007. The company's Memorandum of Association established the objects and powers of the charitable company. The company is governed by its Articles of Association.

Recruitment and appointment of trustees

Trustees are recruited and appointed where they are deemed to possess the experience and skills required to perform the role of a trustee.

Induction and training of trustees

All trustees are considered to be highly experienced and skilled individuals. Training is provided where considered necessary.

Organisational structure

The elders are responsible to God for the leadership of the church. They are fitted and appointed by God and are to tend the flock and be examples to those in their care. They will work to ensure that the vision of the church is fully implemented. Trusteeship carries legal responsibilities and duties.

The trustees (who are appointed by the elders) have a dual responsibility -

They are the people responsible in law under the charity's governing document for controlling management and administration of the charity.

They have a major responsibility to support the elders in their leadership of the church, which leadership is accountable to God for every aspect of the church life including the oversight of the work of the trustees.

Provided that all parties have clean hearts, pure minds and are motivated at the Spirit's prompting, there is absolutely no need (or even risk) of disharmony.

Related parties

The church is part of a movement of churches in the United Kingdom and across the world called New Frontiers. It is also part of SWEA (South Wessex Evangelical Alliance) and is involved with the Pregnancy Crisis centre in Bournemouth.

Risk management

The management of risk is the responsibility of the elders of the church who, together with the trustees, have examined the major strategic, business and operational risks which the church faces and confirm that systems have been established to ensure that exposure to such risks is minimised.

The churches gather once a year in August and is an opportunity to be encouraged, envisioned and trained for the Christian mission. The event is ticketed to cover infrastructure and programme costs and is currently held at Westpoint Exhibition Arena, Exeter, Devon.

Little Acorns - A weekly mums and toddlers group gathering over 30 adults and a further 30 children.

ACHIEVEMENTS AND PERFORMANCE

The charity has performed the activities as detailed in the 'Activities' paragraph above in order to achieve the objectives set out in the Articles of Association.

The trustees believe that the charity meets the public benefit requirements and have complied with the duty in section 4 of the Charities Act 2006.

FINANCIAL REVIEW

The charity made an overall surplus for the year of £158,939 (2009 £51,043).

The Seed account designated fund has historically related to money raised for purchases of property and general repairs as deemed necessary by church members.

The general fund is available for use at the discretion of the trustees in furtherance of the general objectives of the charity.

It is the policy of the trustees to accumulate sufficient funds to ensure that the church is able to continue to operate and to meet its ongoing obligations. It is the trustees' intention that the Charity's level of reserves should be increased in the medium term as its level of membership and activities continue to grow. They consider that reserves equivalent to total fixed assets less long-term creditors plus 3 months' expenditure is appropriate.

At the balance sheet date there were no free reserves. Whilst the trustees believe the resources are productively employed in the furtherance of the charity's objects it is their intention to utilise the buildings to assist in increasing the free reserves in ancillary activities.

PLANS FOR FUTURE PERIODS

The church entered into a contract in mid 2007 for the provision to the church of a new auditorium as part of a mixed use complex to be developed by property developers and final designs were granted planning permission during 2009. The building is intended to be completed for opening in December 2012. The estimated cost to the church of fitting out the facility and all fees is expected to be in the region of £2m and plans have been made to ensure the raising of the necessary funds by subscription and donations.

RESPONSIBILITIES OF THE TRUSTEES

The trustees (who are also the directors of Citygate Church for the purposes of company law) are responsible for preparing the Trustees Annual Report and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

CITYGATE CHURCH COMPANY LIMITED BY GUARANTEE

1. ACCOUNTING POLICIES

Basis of accounting

The financial statements have been prepared under the historical cost convention and in accordance with applicable United Kingdom accounting standards, the Statement of Recommended Practice "Accounting and Reporting by Charities" issued in March 2005 (SORP 2005) and the Companies Act 2006, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Fund accounting

The general unrestricted fund is available for use at the discretion of the trustees in furtherance of the general objectives of the charity

The designated fund, the Seed account, represents unrestricted funds earmarked by the trustees for the purpose of purchasing, improving and maintaining freehold property

The restricted funds are subjected to restrictions on their expenditure imposed by the donor or through the terms of an appeal

Fixed assets

All fixed assets are initially recorded at cost

All assets costing more than £400 are capitalised

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows

Other plant and machinery -	25% reducing balance
-----------------------------	----------------------

Depreciation is not provided on buildings. It is the charity's policy to maintain its property in an adequate state of repair and, accordingly, the trustees consider that the life of the property is so long and its residual value is at such a level that depreciation is immaterial

Leasehold property is to be amortised over the lease term and is subject to a 999 year lease. Amortisation is considered immaterial

Finance lease agreements

Where the company enters into a lease which entails taking substantially all the risks and rewards of ownership of an asset, the lease is treated as a finance lease. The asset is recorded in the balance sheet as a tangible fixed asset and is depreciated in accordance with the above depreciation policies. Future instalments under such leases, net of finance charges, are included within creditors. Rentals payable are apportioned between the finance element, which is charged to the statement of financial activities on a straight line basis, and the capital element which reduces the outstanding obligation for future instalments

Pension costs

The charity operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the charity. The annual contributions payable are charged to the statement of financial activities

1. ACCOUNTING POLICIES *(continued)*

Incoming resources

All incoming resources are included in the statement of financial activities when the charity is entitled to the income and the amount can be quantified with reasonable accuracy. Specific policies are applied to particular categories of income.

Voluntary income is received by way of grants and donations and is included in full in the statement of financial activities when receivable. Grants, where entitlement is not conditional on the delivery of a specific performance by the charity, are recognised when the charity becomes unconditionally entitled to the grant.

Investment income, being interest, is included when receivable.

Incoming resources from grants, where related to performance and specific deliverables, are accounted for as the charity earns the right to consideration by its performance.

Resources expended

Expenditure is recognised on an accruals basis as a liability is incurred. Expenditure is reported as part of the expenditure to which it relates.

Charitable expenditure comprises those costs incurred by the charity in the delivery of its activities and services for its beneficiaries. It includes both costs that can be allocated directly to such activities and those costs of an indirect nature necessary to support them.

Governance costs include those costs associated with meeting the constitutional and statutory requirements of the charity and include the accountancy fees and costs linked to the strategic management of the charity.
