S.P.JELLEY LTD**NOTES TO THE ABBREVIATED ACCOUNTS****YEAR ENDED 30 SEPTEMBER 2013****1. ACCOUNTING POLICIES****Basis of accounting**

The accounts have been prepared under the historical cost convention, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

The turnover shown in the profit and loss account represents amounts receivable during the year, exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Fixed assets

All fixed assets are initially recorded at cost.

Depreciation

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Computer Equipment - 33 1/3% straight line basis

Financial instruments

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Going concern

The company currently meets its daily working capital requirements through operating revenues, banking facilities and financial support from the directors.

On this basis the directors consider it appropriate to prepare the accounts on the going concern basis. The accounts do not include any adjustments that result from the failure to raise any additional finance that may prove necessary.
