DIRECTOR'S REPORT (CONTINUED) FOR THE YEAR ENDED 31 MARCH 2011

Statement of directors' responsibilities

The director is responsible for preparing the directors' report and the financial statements in accordance with applicable law and regulations

Company law requires the director to prepare financial statements for each financial year. Under that law, the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and the profit and loss for that period.

In preparing these financial statements, the director is required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In preparing this directors' report advantage has been taken of the small companies' exemption.
