SONGBIRD FINANCE LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2012

The directors present their report with the audited financial statements for the year ended 31 December 2012

BUSINESS REVIEW AND PRINCIPAL ACTIVITIES

The company's immediate and ultimate parent undertaking is Songbird Estates plc

The principal activity of the company is to act as a holding company for the Songbird Group's investment in Canary Wharf Group plc ('CWG') which, through its subsidiaries, is involved in integrated property development, investment and management. All activities take place within the United Kingdom. The directors are not aware, at the date of this report, of any likely major changes in the company's activities in the coming year.

At 31 December 2012 the company held 69.4% (2011: 69.4%) of the shares in CWG.

There have been no significant events since the balance sheet date.

As shown in the company's profit and loss account, the company's profit after tax for the year was £161,728,578 (2011: loss of £50,630,336). The profit after tax for the year includes a release of the impairment provision of £81,875,730 (2011: increase of £81,875,730) against the company's investment in CWG.

The balance sheet shows the company's financial position at the year end and indicates that net assets were £1,908,604,148 (2011: £1,813,875,570).

The Canary Wharf Group (comprising Canary Wharf Group plc and its subsidiaries) manages its operations on a unified basis. For this reason, the company's directors believe that key performance indicators specific to the company are not necessary or appropriate for an understanding of the development, performance or position of its business. The performance of the Canary Wharf Group, which includes the company, is discussed in the Annual Report of Canary Wharf Group plc, which does not form part of this report.

DIVIDENDS AND RESERVES

The profit and loss account for the year ended 31 December 2012 is set out on page 8. Dividends of £67,000,000 (2011: £23,000,000) have been paid during the year and the retained profit of £94,728,578 (2011: loss of £73,630,336) has been transferred to reserves.

GOING CONCERN

The company is in a net asset position at the year end.

Having made the requisite enquiries, the directors have a reasonable expectation that the company will have adequate resources to continue its operations for the foreseeable future. Accordingly they continue to adopt the going concern basis in preparing the financial statements.

The company provides an indemnity to all directors (to the extent permitted by law) in respect of liabilities incurred as a result of their office. The company also has in place liability insurance covering the directors and officers of the company. Both the indemnity and insurance were in force during the year ended 31 December 2012 and at the time of the approval of this Directors' Report. Neither the indemnity nor the insurance provide cover in the event that the director is proven to have acted dishonestly or fraudulently.

PRINCIPAL RISKS AND UNCERTAINTIES

The risks and uncertainties facing the business are monitored through continuing assessment by management and more regular and formal quarterly review and discussion at audit committee and board level for the Songbird Group. Board and audit committee discussion focuses on the risks identified as part of the system of internal control which highlights key risks faced by the company and allocates specific day to day monitoring and control responsibilities to management. As a member of the Songbird Group, these key risks include the cyclical nature of the property market, financing risk and concentration risk.

The cyclical nature of the property market

The valuation of the Songbird Group's assets is subject to many external economic and market factors which are cyclical in nature. The turmoil in the financial markets since 2008 has been reflected in the property market by such factors as the oversupply of available space in the office market, a significant decline in tenant demand for space in London and a change in the market perception of property as an investment resulting in a negative impact on property valuations in general. Changes in financial and property markets are kept under constant review so that the Songbird Group can react appropriately and tailor its business plans accordingly. The impact of the ongoing uncertainty in the financial and property markets continues to be closely monitored.

SONGBIRD FINANCE LIMITED

DIRECTORS' REPORT FOR THE YEAR ENDED 31 DECEMBER 2012

Concentration risk

The Songbird Group's real estate assets are currently located on or adjacent to the Canary Wharf Estate with tenants mainly linked to the financial services industry. Wherever possible steps are taken to mitigate or avoid material consequences arising from this concentration.

Financing risk

The broader economic cycle inevitably leads to movements in inflation, interest rates and bond yields. The company may finance its operations through a mixture of surplus cash and secured borrowings but currently has no secured borrowings.

The company may in future borrow in sterling at fixed or floating rates and use interest rate swaps and collars to modify exposure to interest rate fluctuations, as appropriate. The company may enter into derivative financial instruments solely for the purposes of hedging its financial liabilities. No derivatives are entered into for speculative purposes.

The ongoing financial markets uncertainty continues to significantly limit the availability of funding. In common with other UK property companies, such lack of financing facilities may have an impact on the business of the Songbird Group if the lending markets remain limited for the foreseeable future.

The board continues to monitor the financial markets with a view to identifying appropriate financial arrangements for the company.

POLICY ON THE PAYMENT OF CREDITORS

In respect of the company's suppliers it is the company's policy to settle the terms of payment with those suppliers when agreeing the terms of each transaction, ensure that those suppliers are made aware of the terms of payment and abide by the terms of payment.

The company had no trade creditors at either 31 December 2012 or 31 December 2011.

STATEMENT OF THE DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE FINANCIAL STATEMENTS

The directors are responsible for preparing the report and the financial statements in accordance with applicable law and regulations

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to

- select suitable accounting policies and then apply them consistently,
- make judgements and accounting estimates that are reasonable and prudent,
- state whether applicable accounting standards have been followed, and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed, the reasonableness of significant accounting estimates made by the directors, and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the annual report to identify material inconsistencies with the audited financial statements. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on financial statements

In our opinion the financial statements

- give a true and fair view of the state of the company's affairs as at 31 December 2012 and of its profit for the year then ended,
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, and
