Notes to the Abbreviated Accounts
for the Year Ended 31st July 2016

1. ACCOUNTING POLICIES

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective January 2015).

Turnover

Turnover represents amounts receivable for sales of goods and services provided, excluding value added tax.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on cost
Motor vehicles	- 25% on cost

Cost is defined as the purchase cost less any residual value.

Depreciation is charged from the month of acquisition at the above rates.

The net book values of the assets are regularly reviewed by the directors and further adjustments to carrying values are made where considered appropriate.

Deferred tax

Deferred taxation is recognised in respect of all significant timing differences between the treatment of certain items for taxation and accounting purposes which have arisen but not reversed by the balance sheet date. Full provision is made without discounting for all significant deferred tax liabilities. Significant deferred tax assets are recognised to the extent that it is more likely than not that they will be recovered against taxable profits.

Hire purchase and leasing commitments

Assets obtained under hire purchase contracts or finance leases are capitalised in the balance sheet. Those held under hire purchase contracts are depreciated over their estimated useful lives. Those held under finance leases are depreciated over their estimated useful lives or the lease term, whichever is the shorter.

The interest element of these obligations is charged to the profit and loss account over the relevant period. The capital element of the future payments is treated as a liability.

Rentals paid under operating leases are charged to the profit and loss account on a straight line basis over the period of the lease.
