Group Strategic Report

For the Year Ended 31 December 2016

Introduction

The group coats and laminates film and paper for use in a number of demanding niche applications. The continued expansion of the company's Inspire branded medical products accounts for almost 50% of revenue. Given the continued growth in this area the company has placed a great emphasis on improving efficiency and increasing throughput to support this growth, without jeopardising the quality and integrity of the products.

Business review

Turnover for the year was down slightly on 2015. This was primarily driven by continued growth in the group's Inspire branded medical product range largely offsetting the loss of some business with one of our larger customers. Operating profit was down slightly on 2015 as a result of reduced turnover.

The group continues to invest in plant and machinery to maintain and improve its manufacturing facility and equipment.

Principal risks and uncertainties

The group uses various financial instruments, these include intra-group borrowings and various other items such as working capital. The main purpose of these financial instruments is to raise finance for the groups operations.

The main risks arising from the group's financial instruments are currency risk, liquidity risk, interest rate risk and credit risk. The directors review and agree policies for managing each of these risks and they are summarised below.

Currency risk

Approximately 54% of the group's sales are to customers outside the UK and hence the group is exposed to transaction foreign exchange risk. These sales are priced accordingly depending on the nature of the transaction. In addition, the group has the facility of exchanging currency through intra-group borrowings and by applying natural exchange hedges.

Liquidity risk

The group seeks to manage financial risk by ensuring sufficient liquidity is available to meet foreseeable needs to invest cash assets safely and profitably. Short term flexibility is achieved by intra group funding.

Interest rate risk

The group finances its operations through a combination of retained profits and intra-group borrowings. The group therefore has limited exposure to interest rate fluctuations.

Credit risk

In order to manage credit risk the directors set limits for customers based on a combination of payment history and third party credit references. Credit limits are reviewed by the credit controller on a regular basis in conjunction with debt ageing and collection history.

Group Strategic Report (continued)

For the Year Ended 31 December 2016

Financial key performance indicators

A number of KPI's are used to assess the performance of the business. Some are listed below;

Gross Margin 34.1% (2015, 32.6%)

Inventory turns 7.6 (2015, 7.0)

Sales/ employee £268k (2015, £262k)

All these KPIs were in line with performance in 2015.

Other key performance indicators

A number of KPI's are used to assess the performance of the business. Some are listed below;

Production Waste 9.3% (2015, 7.7%)

Customer Complaints as % of Sales 1.2% (2015, 0.9%)

Delivery performance to promise date 97% (2015, 98.3%)

All these KPIs were in line with performance in 2015 with higher level of waste largely due to product mix.

This report was approved by the board and signed on its behalf.

Directors' Report

For the Year Ended 31 December 2016

The directors present their report and the financial statements for the year ended 31 December 2016.

Results and dividends

The profit for the year, after taxation, amounted to £8,508,000 (2015 - £6,975,000).

The directors have not recommended payment of a dividend (2015: £Nil).

Directors

The directors who served during the year were:

P Morris

F Kinnaid (appointed 23 December 2016)

Future developments

The group intends to continue to invest in equipment and processes that will further enhance productivity in order to maximise output to support further growth, particularly in the Inspire medical product range.

Directors' responsibilities statement

The directors are responsible for preparing the Group strategic report, the Directors' report and the consolidated financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and the Group and of the profit or loss of the Group for that period.

In preparing these financial statements, the directors are required to:

- select suitable accounting policies for the Group's financial statements and then apply them consistently;
- make judgments and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Group will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and the Group and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and the Group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Qualifying third party indemnity provisions

At the year end, the directors had third party indemnity provisions in place.

Directors' Report (continued)

For the Year Ended 31 December 2016

Matters covered in the strategic report

Principal risks and uncertainties are detailed in the Strategic Report.

Disclosure of information to auditor

Each of the persons who are directors at the time when this Directors' report is approved has confirmed that:

- so far as the director is aware, there is no relevant audit information of which the Company and the Group's auditor is unaware, and
- the director has taken all the steps that ought to have been taken as a director in order to be aware of any relevant audit information and to establish that the Company and the Group's auditor is aware of that information.

Post balance sheet events

There have been no significant events affecting the Group since the year end.

Auditor

The auditor, Grant Thornton UK LLP, will be proposed for reappointment in accordance with section 485 of the Companies Act 2006.

This report was approved by the board and signed on its behalf.

Independent Auditor's Report to the Members of Coveris Advanced Coatings Holdings (UK) Ltd

We have audited the financial statements of Coveris Advanced Coatings Holdings (UK) Ltd for the year ended 31 December 2016, which comprise the consolidated Statement of Comprehensive Income, the consolidated and Company Balance sheets, the consolidated and Company Statement of Changes in Equity and the consolidated Statement of cash flows, and the related notes. The financial reporting framework that has been applied in their preparation is the applicable law and the United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

This report is made solely to the Company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the Company's members those matters we are required to state to them in an Auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the Company and the Company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of Directors and Auditor

As explained more fully in the Directors' responsibilities statement on page 3, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC Ethical Standards website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the Group's and the parent Company's affairs as at 31 December 2016 and of the Group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Independent Auditor's Report to the Members of Coveris Advanced Coatings Holdings (UK) Ltd (continued)

Opinion on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Group strategic report and the Directors' report for the financial year for which the financial statements are prepared is consistent with those financial statements; and
- the Group strategic report and the Directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report under the Companies Act 2006

In the light of the knowledge and understanding of the Group and the parent Company and its environment obtained in the course of the audit, we have not identified material misstatements in the Group strategic report and the Directors' report.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept by the parent Company, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent Company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

	13,520	4,006

Notes to the Financial Statements

For the Year Ended 31 December 2016

1. General information

The company is a private company limited by shares and is incorporated in England and Wales.

The address of its registered office is Ash Road North, Wrexham Industrial Estate, Wrexham, LL13 9UF.

The principal activity of the company continues to be that of a group holding company.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 - 'The Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland' ('FRS 102'), and with the Companies Act 2006. The financial statements have been prepared on the historical cost basis except for the modification to a fair value basis for certain items of plant and machinery in accordance with applicable UK accounting standards, including Financial Reporting Standard 102.

The functional currency of the company is considered to be pounds sterling because that is the currency of the primary economic environment in which the company operates.

2.2 Going concern

The financial statements have been prepared on a going concern basis. The continuation of the company's activities is dependent on its subsidiary undertakings forecast cash flows.

The company's subsidiary's undertaking continues to establish and maintain long term contracts with a number of customers and suppliers across different geographic areas and industries. The company's subsidiary undertakings forecasts and projections have been prepared for 12 months beyond the balance sheet approval date, which take account of possible changes in trading performance due to current economic conditions. As a consequence, the directors believe the group is well placed to manage its business risks successfully.

After making enquiries, the directors have a reasonable expectation that the group has adequate resources to continue in operational existence for the foreseeable future, being a period of not less than 12 months from the date of approval of these financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

2.3 Revenue

Turnover comprises revenue recognised by the group in respect of goods supplied during the year, exclusive of Value Added Tax and trade discounts. Revenue is recognised when the goods are despatched to the customer.

Notes to the Financial Statements

For the Year Ended 31 December 2016

2. Accounting policies (continued)

2.4 Tangible fixed assets

Plant and machinery is held at valuation less depreciation and impairment. Depreciation is provided to write off the valuation of plant and machinery, less their estimated residual value, over 10 years.

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

L/Term Leasehold Property	-	33% Straight line
Plant & machinery	-	10% Straight line
Motor vehicles	-	33% Straight line
Office equipment	-	20% Straight line

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in the Consolidated statement of comprehensive income.

No depreciation is charged in respect of assets in the course of construction.

There has been no revaluation of tangible fixed assets during the year.

2.5 Debtors

Short term debtors are measured at transaction price, less any impairment. Loans receivable are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method, less any impairment.

2.6 Cash and cash equivalents

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

In the Consolidated statement of cash flows, cash and cash equivalents are shown net of bank overdrafts that are repayable on demand and form an integral part of the Group's cash management.

Notes to the Financial Statements

For the Year Ended 31 December 2016

2. Accounting policies (continued)

2.7 Financial instruments

The group only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Debt instruments (other than those wholly repayable or receivable within one year), including loans and other accounts receivable and payable, are initially measured at present value of the future cash flows and subsequently at amortised cost using the effective interest method. Debt instruments that are payable or receivable within one year, typically trade payables or receivables, are measured, initially and subsequently, at the undiscounted amount of the cash or other consideration, expected to be paid or received. However if the arrangements of a short-term instrument constitute a financing transaction, like the payment of a trade debt deferred beyond normal business terms or financed at a rate of interest that is not a market rate or in case of an out-right short-term loan not at market rate, the financial asset or liability is measured, initially, at the present value of the future cash flow discounted at a market rate of interest for a similar debt instrument and subsequently at amortised cost.

Financial assets that are measured at cost and amortised cost are assessed at the end of each reporting period for objective evidence of impairment. If objective evidence of impairment is found, an impairment loss is recognised in the Profit and loss account.

For financial assets measured at amortised cost, the impairment loss is measured as the difference between an asset's carrying amount and the present value of estimated cash flows discounted at the asset's original effective interest rate. If a financial asset has a variable interest rate, the discount rate for measuring any impairment loss is the current effective interest rate determined under the contract.

For financial assets measured at cost less impairment, the impairment loss is measured as the difference between an asset's carrying amount and best estimate, which is an approximation of the amount that the group would receive for the asset if it were to be sold at the balance sheet date.

Financial assets and liabilities are offset and the net amount reported in the Balance sheet when there is an enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

2.8 Creditors

Short term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

2.9 Dividends

Equity dividends are recognised when they become legally payable. Interim equity dividends are recognised when paid. Final equity dividends are recognised when approved by the shareholders at an annual general meeting. Dividends on shares recognised as liabilities are recognised as expenses and classified within interest payable.

Notes to the Financial Statements

For the Year Ended 31 December 2016

2. Accounting policies (continued)

2.10 Current and deferred taxation

The tax expense for the year comprises current and deferred tax. Tax is recognised in the Consolidated statement of comprehensive income, except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the balance sheet date in the countries where the Company and the Group operate and generate income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Balance sheet date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits;
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met; and
- Where they relate to timing differences in respect of interests in subsidiaries, associates, branches and joint ventures and the Group can control the reversal of the timing differences and such reversal is not considered probable in the foreseeable future.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

2.11 Basis of consolidation

The consolidated financial statements present the results of group and its own subsidiaries ("the group") as they formed a single entity. Intercompany transactions and balances between group companies are therefore eliminated in full.

The consolidated financial statements incorporate the results of business combinations using the purchase method. In the Balance sheet, the acquiree's identifiable assets, liabilities and contingent liabilities are initially recognised at their fair values at the acquisition date. The results of acquired operations are included in the Consolidated statement of comprehensive income from the date on which control is obtained. They are deconsolidated from the date control ceases.

Notes to the Financial Statements

For the Year Ended 31 December 2016

2. Accounting policies (continued)

2.12 Operating leases

Rentals paid under operating leases are charged to the Consolidated statement of comprehensive income on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the lease term, unless another systematic basis is representative of the time pattern of the lessee's benefit from the use of the leased asset.

The Group has taken advantage of the optional exemption available on transition to FRS 102 which allows lease incentives on leases entered into before the date of transition to the standard 01 January 2015 to continue to be charged over the period to the first market rent review rather than the term of the lease.

2.13 Valuation of investments

Investments in subsidiaries are measured at cost less accumulated impairment.

2.14 Stocks

Stocks are stated at the lower of cost and net realisable value, being the estimated selling price less costs to complete and sell. Cost is based on the cost of purchase on a first in, first out basis. Work in progress and finished goods include labour and attributable overheads.

At each balance sheet date, stocks are assessed for impairment. If stock is impaired, the carrying amount is reduced to its selling price less costs to complete and sell. The impairment loss is recognised immediately in profit or loss.

Notes to the Financial Statements

For the Year Ended 31 December 2016

2. Accounting policies (continued)

2.15 Foreign currency translation

Functional and presentation currency

The Company's functional and presentational currency is GBP.

Transactions and balances

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

Foreign exchange gains and losses resulting from the settlement of transactions and from the translation at period-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the Consolidated statement of comprehensive income.

Foreign exchange gains and losses that relate to borrowings and cash and cash equivalents are presented in the Consolidated statement of comprehensive income within 'finance income or costs'. All other foreign exchange gains and losses are presented in the Consolidated statement of comprehensive income within 'other operating income'.

On consolidation, the results of overseas operations are translated into Sterling at rates approximating to those ruling when the transactions took place. All assets and liabilities of overseas operations are translated at the rate ruling at the reporting date. Exchange differences arising on translating the opening net assets at opening rate and the results of overseas operations at actual rate are recognised in other comprehensive income.

2.16 Finance costs

Finance costs are charged to the Consolidated statement of comprehensive income over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

2.17 Pensions

The company operates a defined contribution pension scheme and the pension charge represents the amounts payable by the company to the fund in respect of the year.

2.18 Interest income

Interest income is recognised in the Consolidated statement of comprehensive income using the effective interest method.

2.19 Borrowing costs

All borrowing costs are recognised in the Consolidated statement of comprehensive income in the year in which they are incurred.

Notes to the Financial Statements

For the Year Ended 31 December 2016

3. Judgments in applying accounting policies and key sources of estimation uncertainty

Preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for income and expenses during the year. However, the nature of estimation means that actual outcomes could differ from those estimates.

The following are the significant management judgements made in applying the accounting policies of the Group that have the most significant effect on amounts recognised in the financial statements:

- Revaluation of plant and machinery: Management consider the revaluation model a more appropriate accounting policy for the measurement of plant and machinery. All other tangible fixed assets are held at cost less accumulated depreciation.

Estimation uncertainty

Information about estimates and assumptions that have the most significant effect on the recognition and measurement of assets, liabilities, income and expenses is provided below:

- Tangible fixed assets – tangible fixed assets are depreciated over their useful lives taking into account residual values, where appropriate. The actual lives of the assets and residual values are assessed annually and may vary depending on a number of factors. In re-assessing asset lives, factors such as technological innovation, product life cycles, maintenance programmes are taken into account. Residual value assessments consider issues such as future market conditions, the remaining life of the asset and projected disposal values.

- Revaluation of plant and machinery - Plant and machinery is carried at fair value with changes in fair value being recognised in the revaluation reserve. The Group engaged independent valuation specialists to determine fair value at 31 December 2013 and the need for further revaluations is assessed annually.

Notes to the Financial Statements

For the Year Ended 31 December 2016

4. Turnover

	2016 £000	2015 £000
Sale of goods	35,612	36,389
	<u>35,612</u>	<u>36,389</u>

Analysis of turnover by country of destination:

	2016 £000	2015 £000
United Kingdom	13,373	16,908
Rest of the world	22,239	19,481
	<u>35,612</u>	<u>36,389</u>

5. Operating profit

The operating profit is stated after charging:

	2016 £000	2015 £000
Depreciation of tangible fixed assets	873	1,794
Auditors remuneration for audit services	40	38
Operating lease rentals - plant and machinery	72	80
Operating lease rentals - other operating leases	277	250
	<u>277</u>	<u>250</u>

Notes to the Financial Statements

For the Year Ended 31 December 2016

6. Employees

Staff costs, including directors' remuneration, were as follows:

	2016 £000	2015 £000
Wages and salaries	5,503	5,303
Social security costs	621	625
Cost of defined contribution scheme	450	451
	<u>6,574</u>	<u>6,379</u>

The average monthly number of employees, including the directors, during the year was as follows:

	2016 No.	2015 No.
Production	116	119
Development	13	16
Selling and distribution	4	4
	<u>133</u>	<u>139</u>

Notes to the Financial Statements

For the Year Ended 31 December 2016

7. Directors' remuneration

During the year retirement benefits were accruing to 2 directors (2015 - 2) in respect of defined contribution pension schemes.

The highest paid director received remuneration of £101,000 (2015 - £129,000).

The value of the company's contributions paid to a defined contribution pension scheme in respect of the highest paid director amounted to £12,000 (2015 - £15,000).

8. Interest receivable

	2016 £000	2015 £000
Interest receivable from related parties	660	621
Other interest receivable	22	11
	<u>682</u>	<u>632</u>

9. Interest payable and similar charges

	2016 £000	2015 £000
On bank loans and overdrafts	136	142
	<u>136</u>	<u>142</u>

Notes to the Financial Statements

For the Year Ended 31 December 2016

10. Taxation

	2016 £000	2015 £000
Corporation tax		
Current tax on profits for the year	-	758
Adjustments in respect of previous periods	(656)	229
	<u>(656)</u>	<u>987</u>
Total current tax (credit) /expenses	<u>(656)</u>	<u>987</u>
Deferred tax		
Origination and reversal of timing differences	(90)	(54)
Impact of change in tax rate	(7)	21
Adjustment in respect of prior years	107	4
Total deferred tax expense /(credit)	<u>10</u>	<u>(29)</u>
Taxation on (loss)/profit on ordinary activities	<u>(646)</u>	<u>958</u>

Factors affecting tax charge for the year

The tax assessed for the year is lower than (2015 - lower than) the standard rate of corporation tax in the UK of 20% (2015 - 20.25%). The differences are explained below:

	2016 £000	2015 £000
Profit on ordinary activities before tax	<u>8,007</u>	<u>7,933</u>
Profit on ordinary activities multiplied by standard rate of corporation tax in the UK of 20% (2015 - 20.25%)	<u>1,601</u>	<u>1,606</u>
Effects of:		
Expenses not deductible for tax purposes, other than goodwill amortisation and impairment	208	208
Adjustments to tax charge in respect of prior periods	(549)	234
Additional deduction in respect of research and development expenditure	-	(39)
Remeasurement of deferred tax	(7)	21
Other	5	7
Group relief	(1,904)	(1,079)
Total tax charge/(credit) for the year	<u>(646)</u>	<u>958</u>

Notes to the Financial Statements

For the Year Ended 31 December 2016

10. Taxation (continued)

Factors that may affect future tax charges

The statutory UK corporation tax rate is currently 20%, effective from 1 April 2015 (reduced from 21% previously). Note, this rate will be further reduced in future periods to (i) 19% (effective from 1 April 2017 -- substantively enacted on 26 October 2015) and (ii) 17% (effective from 1 April 2020 – substantively enacted on 6 September 2016).

Deferred tax is calculated at the tax rates that are expected to apply in the period when the liability is settled, or the asset is realised, based on tax law and the corporation tax rates that have been enacted, or substantially enacted, at 31 December 2016. For the year ended 31 December 2016, the above rates have been utilised to calculate the closing deferred taxation balances (giving an effective rate of 18.95%).

11. Tangible fixed assets

Group

	L/Term Leasehold Property £000	Plant & machinery £000	Motor vehicles £000	Office equipment, fixtures and fittings £000	Assets in course of construction £000	Total £000

Financial liabilities measured at amortised cost	(4,582)	(7,057)	(3,815)	(3,757)
	<u>(4,582)</u>	<u>(7,057)</u>	<u>(3,815)</u>	<u>(3,757)</u>

Financial assets measured at amortised cost comprise cash in hand and at bank, trade debtors, amounts owed to group undertakings and other debtors.

Financial liabilities measured at amortised cost comprise bank overdrafts, trade creditors, amounts owed to group undertakings and accruals and deferred income.

Notes to the Financial Statements

For the Year Ended 31 December 2016

18. Deferred taxation

Group

	2016 £000
At beginning of year	244
Charged/(credited) to the profit or loss	(10)
At end of year	234

	Group 2016 £000	Group 2015 £000	Company 2016 £000	Company 2015 £000
Accelerated capital allowances	219	222	-	-
Short term timing differences	15	22	-	(7)
	234	244	-	(7)

Deferred tax is provided where there is reasonable certainty over the recovery of the asset, with regard to future taxable profits. It is expected that there will be sufficient trading profits in the company in the foreseeable future, against which the deferred tax assets will be utilised.

19. Share capital

	2016 £000	2015 £000
Shares classified as equity		
Called up and fully paid		
2,186,271 Ordinary Shares shares of £1 each	2,186	2,186

20. Reserves**Share premium**

The share premium account includes any premiums received on issue of share capital. Any transaction costs associated with the issuing of shares are deducted from share premium.

Revaluation reserve

The revaluation reserve includes the surplus on the revaluation of properties to fair value.

Profit and loss account

The profit and loss account includes all current and prior period retained profits and losses.

Notes to the Financial Statements

For the Year Ended 31 December 2016

21. Pension commitments

The group contributes to a defined contribution scheme and the assets of the scheme are administered by trustees in funds independent from the group's assets. The pension cost charged to the profit and loss account in the year was £450,000 (2015: £451,000).

22. Commitments under operating lease

At 31 December 2016 the Group had future minimum lease payments under non-cancellable operating leases as follows:

	Group 2016 £000	Group 2015 £000
Not later than 1 year	325	286
Later than 1 year and not later than 5 years	299	1,038
Later than 5 years	621	420
Total	1,245	1,744

The company has no commitments (2015: Nil).

23. Related party transactions

The company is a wholly owned subsidiary of Coveris S.A., and has taken advantage of the exemption in FRS102 to not disclose transactions with other wholly owned subsidiary undertakings of Coveris S.A.

No other transactions with related parties were undertaken requiring disclosure under FRS102.

Key management personnel received remuneration of £xxx for the year ended 31 December 2016 (2015: £451,000).

24. Controlling party

The ultimate parent undertaking is Coveris S.A., registered in Luxembourg. Sun Capital Partners is the company's ultimate controlling party by virtue of its shareholding Coveris S.A.

The smallest group of undertakings for which group accounts have been drawn up is headed by Coveris Advanced Coatings Holdings (UK) Limited. The largest group of undertakings for which group accounts have been drawn up is that headed by Coveris S.A.
