Notes to the Abbreviated Accounts for the period ended 31 August 2014

1 Accounting Policies

Basis of measurement and preparation of accounts
The financial statements have been prepared under the historical cost convention, modified to include the revaluation of financial instruments, and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover policy
The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

In respect of long-term contracts and contracts for on-going services, turnover represents the value of work done in the year, including estimates of amounts not invoiced. Turnover in respect of long-term contracts and contracts for on-going services is recognised by reference to the stage of completion.

Tangible assets depreciation policy
All fixed assets are initially recorded at cost.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Plant & Machinery - 25% Straight Line
Equipment - 25% Straight Line

Other accounting policies
The company was under the control of Mr George Alan Dolan throughout the previous and current year. Mr Dolan is the managing director and majority shareholder.

No transactions with related parties were undertaken such as are required to be disclosed under Financial Reporting Standard 8.
