NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MARCH 2023

1 GENERAL INFORMATION

Pyrotec Holdings Limited is a private company limited by shares and incorporated in England and Wales. Its registered office is:

Avalon House
Marcham Road
Abingdon
Oxon
OX14 1TZ

The financial statements are presented in Sterling, which is the functional currency of the company.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation of financial statements

These financial statements have been prepared in accordance with applicable United Kingdom accounting standards, including Financial Reporting Standard 102 Section 1A smaller entities 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' ('FRS 102') and the Companies Act 2006.

Investments

Investments in subsidiaries are shown at fair value and revalued annually with any surplus or deficit dealt with through the profit and loss account.

Financial Instruments

The company only enters into basic financial instruments transactions that result in the recognition of financial assets and liabilities like trade and other accounts receivable and payable, loans from banks and other third parties, loans to related parties and investments in non-puttable ordinary shares.

Financial assets are measured at cost and are assessed at the end of each reporting period for objective evidence of impairment. Where objective evidence of impairment is found, an impairment loss is recognised in the profit and loss account.

The impairment loss for financial assets measured at cost is measured as the difference between an asset's carrying amount and the best estimate, which is an approximation, of the amount that the company would receive for the asset if it were to be sold at the reporting date.

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is an enforceable right to set off the recognised amount and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 MARCH 2023**

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued...)

Debtors

Short term debtors are measured at transaction price, less any impairment.

Creditors

Short term trade creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and subsequently at amortised cost.

Taxation

Taxation expense represents the aggregate amount of current tax and deferred tax recognised in the reporting period.

A current tax liability is recognised for the tax payable on the taxable profit of the current and past periods based on current tax rates and laws. A current tax asset is recognised in respect of a tax loss that can be carried back to recover tax paid in a previous period.

Deferred tax is recognised in respect of all timing differences between the recognition of income and expenses in the financial statements and their inclusion in tax assessments. Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other taxable profits.

Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the reporting date and that are expected to apply to the reversal of the timing difference.

Current and deferred tax assets and liabilities are not discounted.

Consolidation

The company is a parent company subject to the small companies regime. The company and its subsidiary comprise a small group. The company has therefore taken advantage of the option provided by section 399 of the Companies Act 2006 not to prepare group accounts.

3 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

No significant accounting estimates and judgements have had to be made by the director in preparing these financial statements.
