Best Buy Distributions Limited

Strategic report

The directors, in preparing this Strategic report, have complied with S414C and S172 of the Companies Act 2006.

Principal activities

Best Buy Distributions Limited (the "Company") is a wholly-owned subsidiary of ProTheo IV, LLC. Its ultimate parent company is Best Buy Co., Inc. ("Best Buy"), a US corporation. The principal activities of the Company are to license "know-how" to Best Buy Stores, LP. Management intends to liquidate the Company in fiscal year 2021, following the termination of the license agreement referred to below at the end of financial period 2020. Therefore, the financial statements have been prepared on the basis that the Company is no longer a going concern. This is discussed further in note 1 to the financial statements.

Business review

The Company's key financial and other performance indicators during the period were as follows:

	2020	2019
	USD	USD
Turnover	122,383,290	186,230,220
Operating Expenses	88,709,335	134,069,167
Net Liabilities	117,482,142	116,169,977

From 2 February 2014 to 31 May 2014, the Company received 99.92% of the profit-sharing income received by CPW Mobile Ltd pursuant to its license agreement with Best Buy Stores, LP. The income stream arising from the license agreement with Best Buy Stores LP is based upon the operating performance of Best Buy Mobile, the business which manages the mobile telephone and mobile broadband operations with Best Buy Stores, LP.

On 31 May 2014, CPW Mobile Ltd assigned the license agreement with Best Buy Stores, LP to the Company. From 1 June 2014 to 2 February 2019, the Company received 100% of the license income directly from Best Buy Stores, LP.

On 1 February 2015, the Best Buy Mobile contract was amended, with the remainder of the value of the contract to be paid out over 5 years from fiscal 2016 to fiscal 2020. The payments are based on a percentage of mobile net revenue, with the percentage rates being reduced each year (i.e. 4.1% in fiscal 2019 and 2.7% in fiscal 2020).

During the period from 3 February 2019 to 1 February 2020, the Company recorded turnover of \$122,383,290 compared to \$186,230,220 for the prior period, 4 February 2018 to 2 February 2019, primarily attributable to the decreasing royalty rates from the licensing agreement. Management expects that the turnover from the license agreement will represent the Company's total future turnover until the contract ends in fiscal year 2020. Payments due under the license agreement are denominated in US Dollars. The lower turnover is due to the lower royalty rate in fiscal year 2020 compared to the prior period.

During the period from 3 February 2019 to 1 February 2020, the Company recorded operating expenses of \$88,709,335 compared to operating expenses in the prior period, 4 February 2018 to 2 February 2019, of \$134,069,167, primarily attributable to the lower goodwill amortisation due to the reducing balance methodology used. See note 8, *Intangible Fixed Assets*, for the description of the methodology used for the amortisation of goodwill.

During the period from 3 February 2019 to 1 February 2020, the Company recorded a net loss of \$1,320,100 compared to a net loss in the prior period, 4 February 2018 to 2 February 2019, of \$5,358,555. The loss in 2020 was primarily driven by the goodwill amortization of \$88,694,583 as a result of the methodology used. The change from the prior period was primarily driven by the lower goodwill amortisation in the period due to the weighted royalty rate amortisation methodology in which more amortisation incurred in the prior period due to higher royalty rate on the Best Buy Mobile contract in the prior period. Interest expense is also lower due to the Company's decreased notes payable. This was partially offset by the lower turnover mentioned above.

On 1 February 2020, the Company had \$117,482,142 in net liabilities compared to net liabilities on 2 February 2019 of \$116,169,977, primarily attributable to a decrease in intangible assets due to the goodwill amortization, which was partially offset by a decrease in debt due to the Company paying down the principal on its outstanding loan.

Best Buy Distributions Limited

Strategic report (continued)

Principal risks and uncertainties

There are no risks to the Company as the Company ceased to trade subsequent to the license agreement at the end of the financial period. The financial statements have been prepared on a basis other than going concern. This is discussed further in note 1 to the financial statements.

Future developments and consequences of decisions in the long term

As the Company ceased to trade subsequent to this license agreement at the end of the financial period, the financial statements have been prepared on a basis other than going concern. This is discussed further in note 1 to the financial statements.

Interests of the Company's employees

The Company does not have any employees

Fostering the Company's business relationships with suppliers, customers and others

As the Company ceased to trade subsequent to this license agreement at the end of the financial period, there are no business relationships to foster.

Impacts of the Company's operations on the community and the environment

As the Company ceased to trade subsequent to this license agreement at the end of the financial period, there are no remaining impacts of the Company's operations on the community or the environment.

Company Governance

The directors counsel, advise and oversee management in the long-term interests of the company and the members regarding a broad range of subjects. The directors value effective company governance and adherence to high ethical standards.

The need to act fairly as between members of the Company

There is no asymmetry of information between members.

Directors' report

The directors present the annual report on the affairs of Best Buy Distributions Limited (the "Company"), together with the audited financial statements and auditor's report for the period from 3 February 2019 to 1 February 2020. The comparative financial period ran from 4 February 2018 to 2 February 2019. The financial statements for the comparative period were prepared in accordance with the Company's ultimate parent's fiscal year-end.

Results and dividends

The results of the Company for the period from 3 February 2019 to 1 February 2020 are set out in the profit and loss account on page 10. The directors do not recommend the payment of a dividend for the period (2019: \$nil).

Future developments

Details of future developments can be found in the Strategic Report and form part of this report by cross-reference.

Going concern

As the Company has ceased to trade subsequent to this license agreement ending, the financial statements have been prepared on a basis other than going concern. Subsequent to fiscal year 2020, the debt has been extinguished in exchange for issuing more capital to its parent, ProTheo IV, LLC. See the Post Balance Sheet Events for more information.

Directors

The directors, who served throughout the period and subsequently, are set out on page 1. Directors of the Company may be indemnified out of the Company, parent company, and subsidiary's assets against certain liabilities as set forth in the Company, the Parent Company, and Subsidiary's articles of association.

Financial risk management

The activities of the company do not expose it to material financial risks as all of the activity is intercompany related. The company does not use derivative financial instruments.

Post Balance Sheet Events

The subsequent events that occurred after the period 1 February 2020 included the Company making a \$35,000,000 payment on their intercompany loan from BBY (Barbados) SRL. In addition, the Company issued \$120,000,000 of capital to its parent, ProTheo IV, LLC, in exchange for extinguishing the remaining \$120,000,000 of debt. These transactions reduced the principal balance on the loan from \$155,000,000 to \$0. The debt is no longer listed on The International Stock Exchange.

In March 2020, the World Health Organization declared the outbreak of novel coronavirus disease ("COVID-19") as a pandemic. The Company was not affected by the pandemic.

Environment

A full analysis of the key regulatory and social risks of the industry in which the ultimate parent company, Best Buy Co., Inc. operates is described in the group's annual report, which does not form part of this report. As a subsidiary entity of Best Buy Co., Inc., the Company operates in accordance with group policies.

Donations

The Company made no charitable or political donations in the period (2019: \$nil).

Auditor

Each of the persons who are a director at the date of approval of this report confirms that:

- so far as the director is aware, there is no relevant audit information of which the Company's auditor is unaware; and
- the director has taken all the steps that he/she ought to have taken as a director in order to make himself/herself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

Statement of directors' responsibilities

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland". Under Company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the Company and of the profit or loss of the Company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities. The directors are responsible for the maintenance and integrity of the corporate and financial information included on the company's website. Legislation in the United Kingdom governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

Independent auditor's report to the members of Best Buy Distributions Limited

Report on the audit of the financial statements

Opinion

In our opinion the financial statements of Best Buy Distributions Limited (the 'company'):

- give a true and fair view of the state of the company's affairs as at 1 February 2020 and of its loss for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

We have audited the financial statements which comprise:

- the profit and loss account;
- the balance sheet;
- the statement of changes in equity; and
- the related notes 1 to 14.

The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards, including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" (United Kingdom Generally Accepted Accounting Practice).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the auditor's responsibilities for the audit of the financial statements section of our report.

We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the Financial Reporting Council's (the 'FRC's') Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Emphasis of matter – Financial statements prepared other than on a going concern basis

We draw attention to note 1 in the financial statements, which indicates that the financial statements have been prepared on a basis other than that of a going concern. Our opinion is not modified in respect of this matter.

Independent auditor's report to the members of Best Buy Distributions Limited (Continued)

Other information

The directors are responsible for the other information. The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in respect of these matters.

Responsibilities of directors

As explained more fully in the directors' responsibilities statement, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the FRC's website at: www.frc.org.uk/auditorsresponsibilities. This description forms part of our auditor's report.

Independent auditor's report to the members of Best Buy Distributions Limited (Continued)

Report on other legal and regulatory requirements

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and the directors' report have been prepared in accordance with applicable legal requirements.

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified any material misstatements in the strategic report or the directors' report.

Matters on which we are required to report by exception

Under the Companies Act 2006 we are required to report in respect of the following matters if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit;

We have nothing to report in respect of these matters.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Best Buy Distributions Limited

Notes to the financial statements

For the period from 3 February 2019 to 1 February 2020

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the current and preceding period.

a. General information and basis of accounting

Best Buy Distributions Limited is a private company limited by shares incorporated in the United Kingdom under the Companies Act 2006, registered in England and Wales. The address of the registered office is given on page 1. The nature of the company's operations and its principal activities are set out in the strategic report on page 2.

The financial statements have been prepared under the historical cost convention and in accordance with Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The Group has applied the amendments to FRS 102 issued by the FRC in July 2015 and the amendments to Company law made by The Companies, Partnerships and Groups (Accounts and Reports) Regulations 2015.

Best Buy Distributions Limited meets the definition of a qualifying entity under FRS 102 and has therefore taken advantage of the disclosure exemptions available to it in respect of its separate financial statements. Exemptions have been taken in relation to presentation of a cash-flow statement as this information is included in the consolidated results of the parent company available from the details provided in Note 13. Both the functional and presentational currency adopted is US Dollars. In addition, the Company meets the requirements from FRS102 paragraph 33 to be exempt to the presentation of related party transactions.

b. Going concern

The Company ceased its principal activity to license "know-how" to Best Buy Stores, LP during the fiscal year. The Company has ceased to trade subsequent to the license agreement ending and the financial statements have been prepared on a basis other than going concern. No material adjustments arose as a result of ceasing to apply the going concern basis. Subsequent to fiscal year 2020, the debt has been extinguished in exchange for issuing more capital to its parent, ProTheo IV, LLC. See the Post Balance Sheet Events for more information. The financial statements do not include any provision for the future costs of terminating the company except to the extent that such costs were committed at the balance sheet date.

c. Cash

Cash consists of bank deposits.

d. Intangible assets - goodwill

Goodwill arising from the hive up of the Best Buy Mobile profit share agreement, representing any excess of the fair value of the consideration given over the fair value of the identifiable assets and liabilities acquired, is capitalised and amortised on a weighted average basis of royalty rate each year over its useful economic life, through to the end of fiscal 2020. Provision is made for any impairment.

e. Impairment of assets

Assets are assessed for indicators of impairment at each balance sheet date. If there is objective evidence of impairment, an impairment loss is recognised in profit or loss as described below.

An asset is impaired where there is objective evidence that, as a result of one or more events that occurred after initial recognition, the estimated recoverable value of the asset has been reduced. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use.

The recoverable amount of goodwill is derived from measurement of the present value of the future cash flows of the cash-generating units of which the goodwill is a part. Any impairment loss in respect of a CGU is allocated first to the goodwill attached to that CGU, and then to other assets within that CGU on a pro-rata basis.

Best Buy Distributions Limited

Notes to the financial statements For the period from 3 February 2019 to 1 February 2020

1. Accounting policies (continued)

Where indicators exist for a decrease in impairment loss, the prior impairment loss is tested to determine reversal. An impairment loss is reversed on an impaired asset to the extent that the revised recoverable value does not lead to a revised carrying amount higher than the carrying value, had no impairment

been recognised. Where a reversal of impairment occurs in respect of a CGU, the reversal is applied first to the assets (other than goodwill) of the CGU on a pro-rata basis and then to any goodwill allocated to that CGU.

f. Taxation

Current tax, including UK corporation tax and foreign tax, is provided at amounts expected to be paid (or recovered) using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax is recognised in respect of all timing differences that have originated but reversed at the balance sheet date where transactions or events that result in an obligation to pay more tax in the future or a right to pay less tax in the future have occurred at the balance sheet date. Timing differences are differences between the Company's taxable profits and its results as stated in the financial statements that arise from the inclusion of gains and losses in tax assessments in periods different from those in which they are recognised in the financial statements.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that, on the basis of all available evidence, it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

When the amount that can be deducted for tax for an asset (other than goodwill) that is recognised in a business combination is less (more) than the value at which it is recognised, a deferred tax liability (asset) is recognised for the additional tax that will be paid (avoided) in respect of that difference. Similarly, a deferred tax asset (liability) is recognised for the additional tax that will be avoided (paid) because of a difference between the value at which a liability is recognised and the amount that will be assessed for tax. The amount attributed to goodwill is adjusted by the amount of deferred tax recognised.

Deferred tax is measured using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date that are expected to apply to the reversal of the timing difference.

The tax expense or income is presented in the same component of comprehensive income or equity as the transaction or other event that resulted in the tax expense or income.

Current tax assets and liabilities are offset only when there is a legally enforceable right to set off the amounts and the Company intends either to settle on a net basis or to realise the asset and settle the liability simultaneously.

Deferred tax assets and liabilities are offset only if: a) the Company has a legally enforceable right to set off current tax assets against current tax liabilities; and b) the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

g. Turnover

Turnover represents profit sharing payments from Best Buy Mobile (part of a fellow subsidiary) and fees charged for the provision of services to other group companies, net of trade discounts, VAT and other sales-related taxes. Turnover arising from profit sharing payments are recognised as the services are provided.

Best Buy Distributions Limited

Notes to the financial statements

For the period from 3 February 2019 to 1 February 2020

1. Significant accounting policies (continued)

h. Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are reported at the rates of exchange prevailing at that date. Any differences are recorded to gain/loss in the profit and loss account.

In fiscal 2013 the functional currency of the Company changed to USD due to a change in the primary economic environment from GBP to USD.

i. Financial instruments

The Company's financial assets and liabilities are classified as receivables, loans and payables. The classification depends on the nature and purpose of the financial assets and is determined at the time of initial recognition. Financial assets and liabilities are only offset in the balance sheet when, and only when there exists a legally enforceable right to set off the recognised amounts and the Company intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously. Debtors and creditors are held at amortised cost.

j. Finance costs

The Company earns interest income from its bank deposits and owes interest expense from its Notes outstanding. Interest income is accrued as it is earned. Interest expense is accrued as it is incurred.

2. Critical accounting judgements and key sources of estimation uncertainty

In the application of the Company's accounting policies, which are described in note 1, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Key sources of estimation uncertainty

The key assumptions concerning the future, and other key sources of estimation uncertainty at the balance sheet date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial period. In the directors' opinion, there are no critical accounting judgements or key sources of estimation uncertainty in the preparation of these financial statements.

3. Turnover

Intercompany payables	164,444	129,045
	<u>156,580,677</u>	<u>263,513,798</u>

Intercompany loan payables represent a payable to BBY (Barbados) SRL for \$155,000,000 (originating at \$809,902,000 with \$548,902,000 repaid during previous periods) due 31 January 2022 with an interest rate of 7.25%. The loan is listed on The International Securities Exchange. During fiscal 2019, the owner of the note switched from ProTheo IV, LLC to BBY (Barbados) SRL. This had no financial impact to the Company. In fiscal year 2018, the loan payable to ProTheo IV, LLC originating at \$864,238,980 due 30 June 2018 was converted to equity when it had a balance at \$317,000,000. During fiscal 2020, the Company paid BBY (Barbados) SRL \$106,000,000 of principal bringing the intercompany loan balance to \$155,000,000. The subsequent events that occurred after the period 1 February 2020 included the Company making a \$35,000,000 payment on their intercompany loan from BBY (Barbados) SRL. In addition, the Company issued \$120,000,000 of capital to its parent, ProTheo IV, LLC, in exchange for extinguishing the remaining \$120,000,000 of debt. These transactions reduced the principal balance on the loan from \$155,000,000 to \$0. This debt extinguishment also removed the loan from being listed on The International Stock Exchange.
