SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Directors' Report For the year ended 31 March 2016

The directors present their annual report and the audited financial statements for the year ended 31 March 2016.

This directors' report has been prepared in accordance with the provisions applicable to small companies entitled to the small companies' exemption.

Principal activities

The company manages one health centre under the Government's LIFT Initiative.

The results for the year are included on page 6.

Dividends

The company paid a dividend of £46,000 during the year (2015: £nil).

Directors

The current directors of the company, who served throughout the period and subsequently unless otherwise stated, are shown on page 1.

Sandwell LIFT Project Company (No. 2) Limited has adopted Articles of Association, the provisions of which do not require the directors to retire by rotation or to retire at the first Annual General Meeting after their appointment.

Qualifying third party indemnity provisions

The directors of Sandwell LIFT Project Company (No. 2) Limited have qualifying third party indemnity provisions put in place through other companies of which they are also directors.

Going concern

The company has net liabilities of £1,897,000 (2015: £1,996,000) which includes the negative fair value of the interest rate swaps of £3,803,000 (2015: £3,534,000) and positive RPI swaps of £579,000 (2015: £141,000) within liabilities, and net current assets of £1,016,000 (2015: £1,203,000), including cash of £581,000 (2015: £680,000), at 31 March 2016.

The directors have reviewed the future liquidity requirements and have considered the cash flow forecasts of the company. The company produces long-term financial forecasts which show the company is able to operate and meet its financial obligations as they fall due, including compliance with all loan covenants. Based on this review and the future business prospects of the company, despite the current economic conditions the directors believe the company will be able to meet its liabilities as they fall due.

Having regard to the above and after making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Directors' Report (continued) For the year ended 31 March 2016

Directors' responsibilities statement

The directors are responsible for preparing the annual report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditor and disclosure of information to auditor

In the case of each of the persons who are directors of the company at the date when this report is approved:

- so far as each of the directors is aware, there is no relevant audit information of which the company's auditor is unaware; and
- each of the directors has taken all the steps that they ought to have taken as a director to make themselves aware of any relevant audit information and to establish that the company's auditor is aware of that information.

This confirmation is given and should be interpreted in accordance with the provisions of s418 of the Companies Act 2006.

BDO LLP has expressed their willingness to continue in office as the company auditor.

On behalf of the board

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

We have audited the financial statements of Sandwell LIFT Project Company (No. 2) Limited for the year ended 31 March 2016 which comprise the statement of comprehensive income, statement of financial position, statement of changes in equity, statement of cash flows, and related notes. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditors

As explained more fully in the statement of directors' responsibilities, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Financial Reporting Council's (FRC's) Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the FRC's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2016 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED (continued)

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit; or
- the directors were not entitled to prepare the financial statements and the directors' report in accordance with the small companies' regime and from the requirement to prepare a strategic report.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Principal Accounting Policies For the year ended 31 March 2016

Sandwell LIFT Project Company (No.2) Limited is incorporated in England and Wales. The registered office is Kent House, 14-17 Market Place, London, W1W 8AJ.

The principal accounting policies applied in the preparation of these financial statements are set out below.

Basis of preparation

The financial statements have been prepared in accordance with FRS 102 the Financial Reporting Standard applicable in the United Kingdom and the Republic of Ireland.

The functional currency is pounds sterling and rounded to the nearest £'000.

Going concern

The company has net liabilities of £1,897,000 (2015: £1,996,000) which includes the negative fair value of the interest rate swaps of £3,803,000 (2015: £3,534,000) and positive RPI swaps of £579,000 (2015: £141,000) within liabilities, and net current assets of £1,016,000 (2015: £1,203,000), including cash of £581,000 (2015: £680,000), at 31 March 2016.

The directors have reviewed the future liquidity requirements and have considered the cash flow forecasts of the company. The company produces long-term financial forecasts which show the company is able to operate and meet its financial obligations as they fall due, including compliance with all loan covenants. Based on this review and the future business prospects of the company, despite the current economic conditions the directors believe the company will be able to meet its liabilities as they fall due.

Having regard to the above and after making enquiries, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, they continue to adopt the going concern basis in preparing the annual report and accounts.

Dividends

Equity dividends are recognised when they become legally payable. There is no requirement to pay dividends unless approved by the shareholders by way of written resolution where there is sufficient cash to meet current liabilities, and without detriment to senior debt covenants, if applicable.

Taxation

The tax expense for the period comprises current and deferred tax. Tax is recognised in profit or loss, except that a change attributable to an item of income or expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the reporting date, except:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Principal Accounting Policies (continued) For the year ended 31 March 2016

Turnover

a. Public to private concession arrangements

A substantial portion of the company's assets are used within the framework of concession contracts granted by public sector customers ('grantors'). Under these contracts, the company constructs primary care centres that are leased to the NHS on a 25 year lease.

To fall within the scope of section 34 of FRS 102, a contract must satisfy the following two criteria:

- the grantor controls or regulates what services the operator must provide using the infrastructure, to whom, and at what price; and
- the grantor controls, through ownership, beneficial entitlement or otherwise, any significant residual interest in the infrastructure at the end of the term of the arrangement.

Pursuant to section 34 of FRS 102, such infrastructure is not recognised in assets of the operator as property, plant and equipment but as financial assets ('financial asset model').

b. Financial asset model

The financial asset model applies when the operator has an unconditional right to receive cash or another financial asset from the grantor.

In the case of concession services, the operator has such an unconditional right if the grantor contractually guarantees the payment of:

- Amounts specified or determined in the contract or
- The shortfall, if any, between amounts received from users of the public service and amounts specified or determined in the contract

Financial assets resulting from the application of section 34 of FRS 102 are recorded in the statement of financial position under the heading financial assets and measured at amortised cost.

Pursuant to section 23 of FRS 102, revenue associated with this financial model comprises of service remuneration which relates to lifecycle maintenance and facilities income and ad hoc property related services income.

c. Other revenue items

Rental income from operating leases is recognised in income on a straight-line basis over the lease term.

Financial Asset

The financial asset is stated at amortised cost using the effective interest method. The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial asset.

Financial instruments

The company classifies financial instruments, or their component parts, on initial recognition as a financial asset, a financial liability or an equity instrument in accordance with the substance of the contractual arrangement.

Financial instruments are recognised on the trade date when the company becomes a party to the contractual provisions of the instrument. Financial instruments are recognised initially at fair value plus, in the case of a financial instrument not at fair value through profit and loss, transaction costs that are directly attributable to the acquisition or issue of the financial instrument.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Principal Accounting Policies (continued) **For the year ended 31 March 2016**

Financial instruments (continued)

Financial instruments are derecognised on trade date when the company is no longer a party to the contractual provisions of the instrument.

Financial liabilities and equity

Financial liabilities and equity are classified according to the substance of the financial instrument's contractual obligations, rather than the financial instrument's legal form.

Hedge Accounting

The company has entered into variable to fixed rate interest swaps to manage its exposure to interest rate cash flow risk on its variable rate debt. The company has also entered into RPI swaps to hedge the potential volatility in future revenue cash flows arising from movements in RPI. These derivatives are measured at fair value at each reporting date. To the extent the hedge is effective, movements in fair value are recognised in other comprehensive income and presented in a separate cash flow hedge reserve. Any ineffective portions of those movements are recognised in the profit or loss for the period.

Finance costs

Finance costs that were accrued during construction of the fixed assets were expensed as they were incurred.

Loan arrangement fees

Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument. The capitalised fees are then released to the statement of comprehensive income on a straight line basis over the term of the loan.

Accounting estimates and judgments

The estimates and judgements that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the financial year are as follows:

a. Key sources of estimation uncertainty

Financial asset – The calculation of the amortised cost of the financial asset requires an estimate of the residual value of the property at the end of the lease term. This estimate has been based on the residual value allocated to the contract in the financial models, which form the basis for the calculation of rent charged to the lessees.

Financial asset interest rate – The financial asset interest income is based on the WACC of the project and is applied to the carrying value of the financial asset on a quarterly basis. The interest rate used in 2016 is 7.36% (2015: 7.36%) per annum.

Service margin – After the property is constructed, the company provides property management services. The remuneration for these services is recognised at cost plus an estimated mark up for profit on property management services. The service margin rate used in 2016 is 25.93% (2015: 26.36%) per annum. It is the policy of the directors that the service margin is reviewed annually on 1 April each year to generate a new service margin rate, which is to be applied in the proceeding financial year.

b. Critical judgements

Concession arrangements – The concession arrangements undertaken by the company are considered to fall within the scope of section 34 of FRS 102 "Service Concession Arrangements", as described in the turnover note. This judgement has been based on a consideration of the nature and terms of the agreements and, in all contracts, the existence of an option for the grantor to purchase the properties at the end of the contract.

SANDWELL LIFT PROJECT COMPANY (NO. 2) LIMITED

Notes to the Financial Statements For the year ended 31 March 2015

1. Analysis of turnover and profit on ordinary activities before taxation

Turnover in the year is analysed as follows:

	2016 £'000	2015 £'000
Cost recoveries	226	225
Service margin	340	327
Rental income (third party)	35	35

Bank borrowings relate to a Senior Debt Facility. The amounts drawn under the Facility are repayable on an agreed repayment profile of six monthly instalments that commenced on 31 December 2010 and are due to end in May 2041.

Interest charges on amounts drawn down under both the current and previous facility are based on floating LIBOR. The company has entered into a number of interest rate swap agreements whereby it pays fixed rates of 4.45% per annum in respect of amounts drawn under the facilities. The company paid interest of £336,000 (2015: £342,000) in relation to these agreements. The swaps expire on 31 March 2040 and 22 May 2041.

The Senior Facility is secured by a first floating charge over the assets of the company.

Issue costs of the debt have been offset against the bank loans and will be amortised over the duration of the facilities.

16. Financial instruments

The company's financial instruments may be analysed as follows:

	2016 £'000	2015 £'000
Financial assets		
Financial assets measured at amortised cost	10,918	10,985
	<u>10,918</u>	<u>10,985</u>
 Financial liabilities		
Financial liabilities measured at amortised cost	10,091	10,203
Derivative financial instruments designated as hedges of variable interest rate/RPI risk	3,224	3,393
	<u>13,315</u>	<u>13,596</u>

Financial assets measured at amortised cost comprise financial assets, cash at bank and in hand, amounts due from related parties, trade debtors, other debtors and accrued income.

Financial liabilities measured at amortised cost comprise bank loans and overdrafts, amounts due to related parties, trade creditors, other creditors and accruals.

Derivative financial instruments designated as hedges of variable interest rate risk comprise interest rate swaps and RPI swaps.

The fair values of the interest rate swaps have been determined by reference to prices available from the markets on which the instruments involved are traded.

In 2009, the company borrowed funds from its bankers under two term loans of £7,068,000 and £2,200,000, which are repayable in 2039 and 2041 respectively.

To hedge the potential volatility in future interest cash flows arising from movements in LIBOR, the company has entered into floating to fixed interest rate swaps with a nominal value equal to that initial borrowings, the same term as the loans and interest re-pricing dates identical to those of the variable rate loans. These result in the company paying 4.45% per annum and receiving LIBOR (though cash flows are settled on a net basis). The company pays LIBOR, plus margin of 2.05% on the Amortising and Bullet loans, effectively fixing the total interest cost on loans and interest rates swaps at 6.5% per annum.

The derivatives are accounted for as a hedge of variable rate interest rate risks, in accordance with FRS 102 and had negative fair value of £3,803,000 (2015: £3,534,000) at the reporting date. The cash flows arising from the interest rate swaps will continue until their maturity in 2041, coincidental with the repayment of the term loans. The change in fair value in the period was an increase of £269,000 (2015: £1,893,000) with the entire charge being recognised in other comprehensive income as the swaps were 100% effective hedges.

Between 2009, the company entered into one LPA agreement having fixed contractual terms which caused their turnover to increase with RPI on a yearly basis.

15. Financial instruments (continued)

To hedge the potential volatility in future revenue cash flows arising from movements in RPI, the company has entered into RPI swaps with a nominal value below that of the LPA contract but having the same term as the loans and RPI re-pricing dates identical to those of the LPA contract. These result in the company paying 3.24% and per annum and receiving actual RPI and effectively fixing the inflation on a determined portion of the LPA contract.

The derivatives are accounted for as a hedge of variable rate RPI rate risks, in accordance with FRS 102 and had a positive fair value of £579,000 (2015: £141,000) as at the reporting date. The cash flows arising from the RPI swaps will continue until their maturity in 2041, coincidental with the LPA contractual terms. The change in fair value in the period was an increase of £439,000 (2015: £1,154,000) with the entire charge being recognised in other comprehensive income as the swaps were 100% effective hedges.

16. Ultimate parent company and controlling party

The company is a wholly owned subsidiary of Sandwell LIFT Midco (No. 2) Limited, which is in turn a wholly owned subsidiary of Sandwell LIFT Company Limited. Both companies are registered in England and Wales.

As at 31 March 2016, Sandwell LIFT Company Limited was owned by Primary Plus Holdings Limited (60%) and Community Health Partnerships Limited (40%), which are both registered in England and Wales.

The directors are of the opinion that there is no ultimate parent undertaking or controlling party by virtue of the company's joint ownership and control.
