STRATEGIC REPORT

FOR THE YEAR ENDED 31 MAY 2017

The director presents the strategic report for the year ended 31 May 2017.

Review of the business

A summary of the Group's financial results for the year ended 31 May 2017, the financial position as at that date and certain key financial performance indicators are set out in the table below:

	2017 £'000	2016 £'000
Turnover	74,213	73,185
Gross profit percentage	11.7%	8.2%
Profit for the year before taxation	2,413	555
Net cash inflow / (outflow) from operating activities	8,011	(1,289)
Net current assets	5,481	4,746
Net assets	10,600	8,613

Details of additional key financial and non-financial indicators used by the Group's management is set out on page 3 of this report.

During the financial year ending 31st May 2014 the directors undertook an extensive review of the Group's business operations. A revised business strategy was put in place due to the Construction Industry coming out of a sustained period of economic downturn. This review continues to be successful and financial results for the year ended 31st May 2017 are in line with expectations. Turnover has increased 1.4% and shareholders funds by 23%. Once again, thanks should be given to all employees who have worked with great vigour and commitment in securing these results which bring with them a foundation for sustainable growth and strength in depth.

In the latest financial year, we have yet again increased turnover to record levels. The Group has continued with its investment in our management team and in high quality state of the art mechanical equipment to improve our operational capability. We have also continued with our IT improvements and BIM platform. We have a dedicated team of 12 people, wholly concentrated on the development of BIM within all our operational business fronts. On our Projects where BIM has been at the heart of the culture we have seen programme certainty and increased profits. We have begun using BIM to help manage the Health and Safety of our Projects and the commercial forecasting of our budgets. Both applications are showing signs of continued business improvement.

Post 31st May 2017 we have launched O'Keefe Vision. This document gives clarity to our staff and clients on the direction of the O'Keefe Group in the coming years and highlights our aims for continuous improvement. O'Keefe Vision will differentiate us from our peers as we strive for Best in Class performance.

As of 1st June 2017 our core business is now split into four divisions with an Operations Director responsible for London, Southern Home Counties, Demolition and Plant. These four divisions share our common goal and offer our services either on a stand alone basis or by coming together to show the strength of the Group.

Capital Purchase

We continue to plough profits back into the Group and continue to renew and review our plant fleet. Since 1st June 2017 we have taken delivery of over £2.5m of new plant and equipment, which includes 20 excavators, 2 Dozers and a new fleet of latest euro spec forward tipping dumpers and compaction rollers. All our van drivers have completed cycle awareness training.

Cricketts Farm

Our Kent Office is now fully operational from Cricketts Farm and we plan to move our Plant & Logistics facility there in March 2018, and our Head Office end of 2018. Construction of our Logistics Hub is close to completion, on what will be a pivotal moment in the history of our Group when we begin to depart from Greenwich and complete our move to Cricketts Farm.

SAINT FORTCHERN LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2017

O'Keefe Construction and Demolition

We are very aware that with our industry comes challenges that include new processes, cultural differences of teams and financial controls overall, to name but a few. We, as a group of people have a proud record of over 47 years of successful trading; and during that time we have amassed an amazing skill set of loyal, long serving people who are experts in their field, with systems that work. All this combines to produce fantastic projects with great levels of Health and Safety for our workforce and sustainable profits that allow the Company to flourish. Together we need to ensure we have the best interests for each other and for 'O'Keefe' as we look to continuously improve in our ways and embrace the challenges before us. With vigour it will place us in the market as **THE** Go-To Company for our Clients and indeed other people who are considering coming to work for us.

To achieve this, we must always keep to our Core Values as the essential factors in everything we do as a Company and individuals i.e.;

1. Health and Safety
2. Quality
3. Programme
4. Commercial

Principal risks and uncertainties

The principal risks and uncertainties facing the Group are addressed by the Group's Core Values. The principal risks relate to ensuring the Group continue to deliver a "Best in Class" quality product with key focus on Health and Safety and Staff Retention and Training. The principal uncertainties relate to future Market Conditions and the impact this may have on our customers and suppliers. The Group's key financial instruments risks are liquidity and credit risk, which are discussed further on page 3.

Health and Safety

Health & Safety is at the forefront of everything we do at 'O'Keefe'. The Directors ensure Health & Safety is the 1st item of every meeting agenda and warrant that all Project Managers to do the same when both talking internally or to our Clients. Our aim is to become Best in Class at what we do, and being the safest is part of that plan. Our safetymoments@okeefe.co.uk distribution list, which allows us to share our Health & Safety experiences ensures we pass on our internal knowledge base across all our teams with whom we work. Our "near miss" reporting has developed into our Hazard Reporting System which we predict will not just eliminate incidents on site but to also form the basis of improved awareness.

Market Conditions

Our estimations remain consistent and we believe that the market will continue to be in good shape for the foreseeable future; so we are continuing to develop, invest and prepare for the challenges that this market will bring. By 31st May 2018, our turnover will be circa £80m per annum and our balance sheet in excess of £14m. We believe this will continue to grow our shareholders funds and are forecasting 'O'Keefe' to have a balance sheet in excess of £15m by the end of 2019. This demonstrates and confirms the strong financial management of the Company with sound investment principles. Our approach of bringing in the right assets of land, plant, IT and most importantly people allow us to have the confidence that we are moving in the right direction. We can now offer services to our Clients that include;

- Bulk excavation
- Groundworks
- Enabling works
- External Works
- Basement
- Demolition
- Soil Stabilisation
- HBM
- Recycled Aggregates
- RC Frames
- Temporary works
- BIM

SAINT FORTCHERN LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2017

Training

Running in parallel to our drive in Health and Safety we work to ensure our workforce have a level of competency and certification that not only meets the minimum legislative requirements but goes beyond this, to up skill our in-house abilities and allow our people to progress in their own development. In the last 12 months we have carried out a record number of training days which will be increased in the next 12 months moving forward.

Key financial instrument risks

The Group's key financial instrument risks are liquidity risk and credit risk. The directors review and agree policies for managing each of these risks and they are summarised below. These policies have remained unchanged from previous years.

Liquidity risk

The Directors prepare detailed regular cash flow forecasts to ensure the Group has sufficient liquidity. The Group's cash at bank as at 31 May 2017 was £7,882,000 (2016: £1,438,000).

Credit risk

In order to manage credit risk the directors set limits for customers based on a combination of payment history and third party credit references. Credit limits are reviewed by the credit control department and our credit insurance company on a regular basis in conjunction with debt ageing and collection history.

Additional key performance indicators

1. Financial Indicators:
 - a. Gross profit by project
 - b. Total group net profit
 - c. Gross profit by type of project
 - d. Overheads as a percentage of turnover
2. Non-Financial Indicators:
 - a. Reportable injuries per 100,000 hours worked
 - b. Results against Target 100 Safety Awards (each site is judged against an advanced range of safety criteria)
 - c. Concrete and rebar usage vs turnover (to control wastage and over-stocking)
 - d. Staff turnover by role
 - e. Non-chargeable time analysis

The Group's key management team review these key performance indicators on a weekly, monthly or quarterly basis as considered appropriate and take action where necessary to address any performance issues identified.

Strategy to achieve objectives

The Board of O'Keefe meets on the first Monday of every month to review the direction and compliance of the Company. The agenda for this meeting is controlled to ensure we remain focused on the strategy in hand. Our Strategy is communicated via our Senior Management AGM and our quarterly Associate Directors Meetings.

SAINT FORTCHERN LIMITED

STRATEGIC REPORT (CONTINUED)

FOR THE YEAR ENDED 31 MAY 2017

Future plans

We aim to control growth in the next period and concentrate on improvements to our bottom line by keeping our core values close to everything we do. Those core values are

1. Health and Safety
2. Quality
3. Programme
4. Commercial

SAINT FORTCHERN LIMITED

DIRECTOR'S REPORT

FOR THE YEAR ENDED 31 MAY 2017

The director presents his annual report and financial statements for the year ended 31 May 2017.

Principal activities

The principal activity of the group continued to be that of civil engineering, encompassing groundwork, basements, structural refurbishments, external works, soil remediation, stabilisation and demolition of buildings.

The principal activity of the company continued to be that of a holding company.

Director

The director who held office during the year and up to the date of signature of the financial statements was as follows:

P J O'Keefe

Results and dividends

The results for the year are set out on page 8.

Ordinary dividends were paid amounting to £225,000 (2016: £95,455). The director does not recommend payment of a further dividend.

Director's insurance

The company has made qualifying third party indemnity provisions for the benefit of its director during the year. These provisions remain in force at the reporting date.

Research and development

The group continues to invest in research and development to improve its market position and sustain future growth. Expenditure is written off as incurred to the profit and loss account.

Post reporting date events

The debenture loans totalling £720,000 at the year end have been fully repaid since the end of the year.

Auditor

RSM UK Audit LLP have indicated their willingness to be reappointed for another term and appropriate arrangements have been put in place for them to be deemed reappointed as auditors in absence of an Annual General Meeting.

Strategic report

Information is not shown within the Directors' Report in respect of future development and financial instruments risk as it is instead included within the Strategic Report on pages 1 to 4 under S414c(11).

Statement of disclosure to auditor

So far as the director is aware, there is no relevant audit information of which the company's auditor is unaware. Additionally, the director has taken all the necessary steps that he ought to have taken as director in order to make himself aware of all relevant audit information and to establish that the company's auditor is aware of that information.

SAINT FORTCHERN LIMITED

DIRECTOR'S RESPONSIBILITIES STATEMENT FOR THE YEAR ENDED 31 MAY 2017

The director is responsible for preparing the Strategic Report, Director's Report and the financial statements in accordance with applicable law and regulations.

Company law requires the director to prepare financial statements for each financial year. Under that law the director has elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law). Under company law the director must not approve the financial statements unless he is satisfied that they give a true and fair view of the state of affairs of the company and of the group and of the profit or loss of the group for that period. In preparing these financial statements, the director is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group will continue in business.

The director is responsible for keeping adequate accounting records that are sufficient to show and explain the group's and the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and the group and enable him to ensure that the financial statements comply with the Companies Act 2006. He is also responsible for safeguarding the assets of the company and the group and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF SAINT FORTCHERN LIMITED

Opinion on financial statements

We have audited the group and parent company financial statements (the "financial statements") on pages 8 to 31. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

In our opinion the financial statements:

- give a true and fair view of the state of the group's and the parent company's affairs as at 31 May 2017 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at <http://www.frc.org.uk/auditscopeukprivate>

Opinion on other matter prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Director's Report for the financial year for which the financial statements are prepared is consistent with the financial statements and, based on the work undertaken in the course of our audit, the Strategic Report and the Director's Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or the Director's Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Respective responsibilities of director and auditor

As more fully explained in the Director's Responsibilities Statement set out on page 6, the director is responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's (APB's) Ethical Standards for Auditors.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies

Company information

Saint Fortchern Limited is a private company limited by shares which is registered, domiciled and incorporated in England and Wales. The registered office is St Andrew's House, 1 Dreadnought Street, Greenwich, London, SE10 0PU.

The group consists of Saint Fortchern Limited and all of its subsidiaries.

The company's and the group's principal activities and nature of operations are disclosed in the Strategic Report and the Director's Report.

Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

The company has taken advantage of the following qualifying entity disclosure exemptions:

- The requirements of Section 7 Statement of Cash Flows and Section 3 Financial Statement Presentation paragraph 3.17(d).
- The requirements of Section 11 paragraphs 11.39 to 11.48A and Section 12 paragraphs 12.26 to 12.29A providing the equivalent disclosures required by this FRS are included in the consolidated financial statements of the group in which the entity is consolidated.
- The requirement of Section 33 Related Party Disclosures paragraph 33.7.

Basis of consolidation

The consolidated financial statements incorporate those of Saint Fortchern Limited and all of its subsidiaries (i.e. entities that the group controls through its power to govern the financial and operating policies so as to obtain economic benefits).

All financial statements are made up to 31 May 2017. Where necessary, adjustments are made to the financial statements of subsidiaries to bring the accounting policies used into line with those used by other members of the group.

All intra-group transactions, balances and unrealised gains on transactions between group companies are eliminated on consolidation. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred.

Going concern

After making reasonable enquiries, the director considers that the company and the group have adequate resources to continue operations for the foreseeable future, and therefore these financial statements have been prepared on a going concern basis.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies (Continued)

Turnover

Turnover represents the invoiced value (excluding trade discounts and VAT) for contract work or agreed surveyors' valuation, reflecting contract activity during the year and represents the proportion of total contract value which costs incurred to date bear to total expected contract costs.

Other income represents rental income, this is recognised over the period to which it relates.

The attributable profit on long term contracts is only recognised once their outcome can be assessed with reasonable certainty. The profit recognised reflects the proportion of work completed to date on the project. Amounts recoverable on contracts are stated at surveyors' valuation less provision for anticipated losses and deduction of applicable payments on account. Full provision is made for losses on contracts in the year which the loss is first foreseen.

Intangible fixed assets - goodwill

Acquired goodwill is written off in equal annual instalments over its estimated useful economic life of 10 years.

Tangible fixed assets

Tangible fixed assets are initially measured at cost and subsequently measured at cost or valuation, net of depreciation and any impairment losses.

Depreciation is recognised so as to write off the cost or valuation of assets less their residual values over their useful lives on the following bases:

Land freehold	not depreciated
Land and buildings Short Leasehold	over the term of the lease
Plant and equipment	between 10% and 33%
Fixtures, fittings and equipment	25% straight line

Assets under construction are not depreciated until they are brought into use.

The gain or loss arising on the disposal of an asset is determined as the difference between the sale proceeds and the carrying value of the asset, and is credited or charged to profit or loss.

Fixed asset investments

In the separate accounts of the company, interests in subsidiaries are initially measured at cost and subsequently measured at cost less any accumulated impairment losses. The investments are assessed for impairment at each reporting date and any impairment losses or reversals of impairment losses are recognised immediately in profit or loss.

Impairment of fixed assets

At each reporting period end date, the group reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

The carrying amount of the investments accounted for using the equity method is tested for impairment as a single asset. Any goodwill included in the carrying amount of the investment is not tested separately for impairment.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies (Continued)

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

If the recoverable amount of an asset (or cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognised immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Stocks

Stocks are stated at the lower of cost and estimated selling price less costs to complete and sell. Cost comprises direct materials and, where applicable, direct labour costs and those overheads that have been incurred in bringing the stocks to their present location and condition.

At each reporting date, an assessment is made for impairment. Any excess of the carrying amount of stocks over its estimated selling price less costs to complete and sell is recognised as an impairment loss in profit or loss. Reversals of impairment losses are also recognised in profit or loss.

Construction contracts

Where the outcome of a construction contract can be estimated reliably, revenue and costs are recognised by reference to the stage of completion of the contract activity at the reporting end date. Variations in contract work, claims and incentive payments are included to the extent that the amount can be measured reliably and its receipt is considered probable.

When it is probable that total contract costs will exceed total contract turnover, the expected loss is recognised as an expense immediately.

Where the outcome of a construction contract cannot be estimated reliably, contract costs are recognised as expenses in the period in which they are incurred and contract revenue is recognised to the extent of contract costs incurred where it is probable that they will be recoverable.

The "percentage of completion method" is used to determine the appropriate amount to recognise in a given period. The stage of completion is measured by the proportion of contract costs incurred for work performed to date compared to the estimated total contract costs. Costs incurred in the year in connection with future activity on a contract are excluded from contract costs in determining the stage of completion. These costs are presented as stocks, prepayments or other assets depending on their nature, and provided it is probable they will be recovered.

Cash and cash equivalents

Cash and cash equivalents are basic financial instruments and include cash in hand, deposits held at call with banks, other short-term liquid investments with original maturities of three months or less, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies (Continued)

Financial instruments

The group has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the group becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset and the net amounts presented in the financial statements when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

Basic financial assets

Basic financial assets, which include trade and other debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the financial asset is measured at the present value of the future receipts discounted at a market rate of interest.

Other financial assets

Other financial assets, including trade investments, are initially measured at fair value, which is normally the transaction price. Such assets are subsequently carried at fair value and the changes in fair value are recognised in profit or loss, except that investments in equity instruments that are not publicly traded and whose fair values cannot be measured reliably are measured at cost less impairment.

Derecognition of financial assets

Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or are settled, or when the group transfers the financial asset and substantially all the risks and rewards of ownership to another entity, or if some significant risks and rewards of ownership are retained but control of the asset has transferred to another party that is able to sell the asset in its entirety to an unrelated third party.

Classification of financial liabilities

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

Basic financial liabilities

Basic financial liabilities, including trade and other creditors, bank loans, debenture loans and loans from fellow group companies, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Derecognition of financial liabilities

Financial liabilities are derecognised when, and only when, the group's contractual obligations are discharged, cancelled, or they expire.

Equity instruments

Equity instruments issued by the group are recorded at the fair value of the proceeds received, net of direct issue costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the group.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies (Continued)

Taxation

The tax expense represents the sum of the current tax expense and deferred tax expense. Current tax assets are recognised when tax paid exceeds the tax payable.

Current and deferred tax is charged or credited to profit or loss, except when it relates to items charged or credited to other comprehensive income or equity, when the tax follows the transaction or event it relates to and is also charged or credited to other comprehensive income, or equity.

Current tax assets and current tax liabilities and deferred tax assets and deferred tax liabilities are offset, if and only if, there is a legally enforceable right to set off the amounts and the entity intends either to settle on the net basis or to realise the asset and settle the liability simultaneously.

Current tax is based on taxable profit for the year. Current tax assets and liabilities are measured using tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax is calculated at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled based on tax rates that have been enacted or substantively enacted by the reporting date.

Deferred tax liabilities are recognised in respect of all timing differences that exist at the reporting date. Timing differences are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in different periods from their recognition in the financial statements. Deferred tax assets are recognised only to the extent that it is probable that they will be recovered by the reversal of deferred tax liabilities or other future taxable profits.

Deferred tax is recognised on income and expenses from subsidiaries, associates, branches and interests in jointly controlled entities, that will be assessed to or allow for tax in a future period except where the group is able to control the reversal of the timing difference and it is probable that the timing difference will not reverse in the foreseeable future.

Deferred tax is recognised on differences between the value of assets (other than goodwill) and liabilities recognised in a business combination and the amounts that can be deducted or assessed for tax. The deferred tax recognised is adjusted against goodwill.

Employee benefits

The costs of short-term employee benefits are recognised as a liability and an expense.

The cost of any unused holiday entitlement is recognised in the period in which the employee's services are received.

Termination benefits are recognised immediately as an expense when the company is demonstrably committed to terminate the employment of an employee or to provide termination benefits.

Retirement benefits

For defined contribution schemes the amount charged to profit or loss is the contributions payable in the year. Differences between contributions payable in the year and contributions actually paid are shown as either accruals or prepayments.

SAINT FORTCHERN LIMITED

NOTES TO THE FINANCIAL STATEMENTS (CONTINUED) FOR THE YEAR ENDED 31 MAY 2017

1 Accounting policies (Continued)

Leases

Leases are classified as finance leases whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessees. All other leases are classified as operating leases.

Assets held under finance leases are recognised as assets at the lower of the assets fair value at the date of inception and the present value of the minimum lease payments. The related liability is included in the statement of financial position as a finance lease obligation. Lease payments are treated as consisting of capital and interest elements. The interest is charged to the income statement so as to produce a constant periodic rate of interest on the remaining balance of the liability.

Rental income from operating leases is recognised on a straight line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised on a straight line basis over the lease term.

Rentals payable under operating leases, including any lease incentives received, are charged to income on a straight line basis over the term of the relevant lease except where another more systematic basis is more representative of the time pattern in which economic benefits from the lease asset are consumed.

2 Judgements and key sources of estimation uncertainty

In the application of the group's accounting policies, the director is required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

The key areas of accounting estimation relates to revenue recognition and long-term contracts whose policies are disclosed above.

3 Turnover and other revenue

An analysis of the group's turnover is as follows:

	2017 £	2016 £
Turnover analysed by class of business		
Sale of services	74,212,664	73,184,524
	<u> </u>	<u> </u>
Other revenue
