The accounts are prepared on a going concern basis which assumes that the directors will continue to support the company. If this support was not to continue then this basis may not be appropriate. As at 31 December 2023 the company has net current liabilities of £34,984 (2022: £34,984).

Should the company then not be able to continue trading, adjustments to the value of assets would be needed to provide for any further liabilities which might arise and to reclassify fixed assets as current assets.
