Notes to the Abbreviated Accounts

for the year ended 31 March 2014

1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the value, net of value added tax and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Depreciation

No depreciation is provided for in respect of (leasehold and freehold) investment properties in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). Such properties are held for their investment potential and not for consumption within the business. This is a departure from the Companies Act 2006 which requires all properties to be depreciated and the directors consider that to depreciate them would not enable the financial statements to give a true and fair view. Investment properties are stated at their market value at the balance sheet date.

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant and machinery	20% Reducing Balance
Motor vehicles	20% Reducing Balance

2 Tangible fixed assets
