NOTES TO THE ABBREVIATED ACCOUNTS

FOR THE YEAR ENDED 30 JUNE 2013

1 Principal accounting policies

Basis of preparation

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008)

Consolidation

The company and its subsidiary comprise a small group. The company has therefore taken advantage of the exemption provided by section 399 of the Companies Act 2006 not to prepare group financial statements

Turnover

Turnover represents the value of services provided

Investments

Investments in subsidiary undertakings are held at cost. If the value is in excess of original cost or previous valuation the surplus is taken to the revaluation reserve. Any revaluation surplus or deficit arising is transferred to the revaluation reserve except where the deficit is considered to be permanent. Permanent deficits are taken to the profit and loss account. A deficit on a particular investment is charged to the profit and loss account to the extent that it is not covered by surpluses arising on a previous revaluation of that investment.

Stocks

Stocks, including work in progress, are consistently valued at the lower of cost and net realisable value
