Strategic report

Overview

The Directors present the Strategic report, Directors' report and the financial statements of Elateral Group Limited (the 'Company') for the year ended 31 March 2017.

The Company's core business is that of a holding company. The Company's financial position is therefore partly dependent on the financial position of the rest of the Elateral group (the 'Group').

The principal activity of the Group comprised the development and sale of marketing automation software and associated services.

During the year, the Group has been successful in expanding core client relationships and winning new clients. The increasing focus on ecommerce and shopper marketing combined with the constant pressure for marketing efficiency from zero based budgeting is expected to lead to continued growth in demand for Elateral's content production platform. Elateral is recognised as the visionary pacesetter in multichannel customisation by Gartner, and is well positioned to capture market share.

Business review and results

The following table summarises those key performance indicators used by the Directors to assess the performance of the Group as of the dates indicated.

	2017	2016	Change
Group revenue	£7.5m	£6.5m	15.4%
Subscription revenue	£4.2m	£3.3m	27.3%
Group operating loss	(£0.7m)	(£1.6m)	56.3%

Principal risks and uncertainties

The company is exposed through its operations to the following risks:

- Technology risk
- Foreign exchange risk
- Going concern and liquidity risk

The Company is exposed to the risks facing software businesses. This section describes the Company's objectives and policies and procedures for managing those risks. Further quantitative information is provided throughout the financial statements.

As described throughout these financials statements, the Company is an indirect parent of the principal subsidiaries of the Group and therefore its risk is intrinsically linked to those in the Group. Consolidated accounts for the Group are drawn up for Elateral Group Limited.

There have been no substantive changes in the Company's exposure to these risks or methods to measure them from the prior period, unless otherwise stated in this section.

Strategic report (continued)

Technology risk

Client requirements and the technological environment in which we operate is constantly changing. The Group is continuing to invest heavily in technology and innovations in order to drive client satisfaction and win new business.

Foreign exchange risk

A significant percentage of the Group's revenue is derived in US Dollars, whilst some of its cost base, as well as the Group reporting currency is in Pound Sterling. Hence there is a risk that the relative strength of the two currencies could impact revenues and profitability of the Group. Accordingly, the Directors closely monitor fluctuations in the exchange rate.

Going concern risk

The Group's core business is the development and sale of marketing automation software and associated services within the Group. The Company's financial position is therefore partly dependent on the financial condition of the rest of the group.

The Group has remained compliant during the year to 31 March 2017 with all covenants contained in all funding documents. Furthermore, the Board has reviewed the Group's latest forecasts and the Directors have reasonable expectation that the Company and the Group have adequate resources to continue in operational existence for the foreseeable future. Accordingly, we continue to adopt the going concern basis in preparing the annual report and financial statements.

Financial position

The Consolidated balance sheet shows negative equity, with the majority of creditors being investor loans. The investors remain supportive and have provided the Group with further loans during and after this financial year. In June 2017, the investors extended the date of repayment of their loans to 31 December 2018.

Financial outlook

The ongoing strategy remains to drive shareholder value by extending technology leadership through innovative platform capabilities and delivery of high value services. We intend to continue to expand via existing sales pipeline and forging new strategic partnerships in business development and solution delivery.

P Kamel (Resigned 5 June 2017)
P Galligan (Appointed 30 November 2016)
N Friedlos (Appointed 13 December 2016)

Proposed dividend

The directors do not recommend the payment of a dividend. (2016: £nil).

Employment policies

It is Group policy, where possible, to provide employment opportunities for disabled people. Staff who become disabled are supported in continuing employment through identification of suitable jobs and the provision of necessary retraining.

Political contributions

Neither the Company nor any of its subsidiaries made any political donations or incurred any political expenditure during this or the previous financial year.

Disclosure of information to the auditor

The Directors who held office at the date of approval of this Directors' report confirm that, so far as they are each aware, there is no relevant audit information of which the Company's auditor is unaware; and each Director has taken all the steps that he ought to have taken as a Director to make himself aware of any relevant audit information and to establish that the Company's auditor is aware of that information.

Auditor

Pursuant to Section 487 of the Companies Act 2006, the auditor will be deemed to be reappointed and KPMG LLP will therefore continue in office.

Statement of Directors' responsibilities in respect of the Annual report and the financial statements

The directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law they have elected to prepare the group and parent company financial statements in accordance with UK Accounting Standards and applicable law (UK Generally Accepted Accounting Practice), including FRS 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland.

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and parent company and of their profit or loss for that period. In preparing each of the group and parent company financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the parent company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the parent company's transactions and disclose with reasonable accuracy at any time the financial position of the parent company and enable them to ensure that its financial statements comply with the Companies Act 2006. They have general responsibility for taking such steps as are reasonably open to them to safeguard the assets of the group and to prevent and detect fraud and other irregularities.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ELATERAL GROUP LIMITED

We have audited the financial statements of Elateral Group limited for the year ended 31 March 2017 set out on pages 7 to 27. The financial reporting framework that has been applied in their preparation is applicable law and UK Accounting Standards (UK Generally Accepted Accounting Practice), including FRS 102 *The Financial Reporting Standard applicable in the UK and Republic of Ireland*.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members, as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 4, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit, and express an opinion on, the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

A description of the scope of an audit of financial statements is provided on the Financial Reporting Council's website at www.frc.org.uk/auditscopeukprivate.

Opinion on financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the group's and of the parent company's affairs as at 31 March 2017 and of the group's loss for the year then ended;
- have been properly prepared in accordance with UK Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Opinion on other matters prescribed by the Companies Act 2006

In our opinion the information given in the Strategic Report and the Directors' Report for the financial year is consistent with the financial statements.

Based solely on the work required to be undertaken in the course of the audit of the financial statements and from reading the Strategic report and the Directors' report:

- we have not identified material misstatements in those reports and
- in our opinion, those reports have been prepared in accordance with the Companies Act 2006.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF ELATERAL GROUP LIMITED *(continued)*

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the consolidated financial statements for the year ended 31 March 2017

1 Accounting policies

Elateral Group Limited is a private company limited by shares, incorporated, domiciled and registered in England in the UK. The registered number is 07435521 and the registered address is Elateral House, Crosby Way, Farnham, Surrey GU9 7XX.

These Group and parent company financial statements are prepared in accordance with Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102") as issued in August 2014 and the Companies Act 2006. The amendments to FRS 102 issued in July 2015 have been applied. The presentation currency of these financial statements is sterling. All amounts in the financial statements have been rounded to the nearest £1,000.

In the transition to FRS 102 (on 1 April 2016) from the Financial Reporting Standard for Smaller Legal Entities (effective January 2015), the Group has made no measurement and recognition adjustments. However, presentation of shares in Elateral Group Limited held by Elateral Trustees Limited has been reclassified from investments to share reserve.

The parent company is included in the consolidated financial statements, and is considered to be a qualifying entity under FRS 102 paragraphs 1.8 to 1.12. The following exemptions available under FRS 102 in respect of certain disclosures for the parent company financial statements have been applied:

- No separate parent company Cash Flow Statement with related notes is included;
- Related party transactions between wholly owned subsidiaries have not been disclosed; and
- Certain disclosures required by FRS 102.11 Basic Financial Instruments and FRS 102.12 Other Financial Instrument Issues in respect of financial instruments not falling within the fair value accounting rules of Paragraph 36(4) of Schedule 1.

Basis of consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiary undertakings made up to 31 March 2017. A subsidiary is an entity that is controlled by the parent. The results of subsidiary undertakings are included in the consolidated profit and loss account from the date that control commences until the date that control ceases. Control is established when the Company has the power to govern the operating and financial policies of an entity so as to obtain benefits from its activities. In assessing control, the Group takes into consideration potential voting rights that are currently exercisable.

Under Section 408 of the Companies Act 2006 the Company is exempt from the requirement to present its own profit and loss account.

In the parent financial statements, investments in subsidiaries are carried at cost less impairment.

The financial statements have been prepared under historical cost accounting rules.

Turnover

Turnover, which is stated net of value added tax and trade discounts, represents amounts invoiced to third parties for goods and services provided.

Software licence fees and fees for hosting services are recognised rateably over the period to which they relate.

Fees for professional services are recognised as the services are performed.

Notes to the consolidated financial statements for the year ended 31 March 2017 (continued)

Accounting policies (continued)

Going concern

The group's business activities, together with the factors likely to affect its future development, performance and position are set out in the Directors' report. Benefit of previous investments is beginning to deliver improved gross margins and has led to a reduced loss in the year to March 2017. The group is forecast to return to positive cashflow during the year to March 2018.

The group is reliant upon loan facilities provided by the company's shareholders. Aggregate principal and accrued interest outstanding at 31 March 2017 in respect of these facilities was £5.0m. In June 2017, the shareholders advanced £0.5m of additional principal and extended the date of repayment to 31 December 2018. The shareholders continue to be supportive and the Directors have no reason to believe that the shareholders' loan facilities will not remain available.

The board has approved the group's operating plan, including a cash flow forecast, for the period to September 2018. The Directors believe there are actions they could take, if necessary, to ensure the group continues to have sufficient cash for its operation. Accordingly, the Directors are satisfied that the group will be able to meet its liabilities as they fall due during the period to September 2018 and beyond.

Therefore, after taking into account the above factors, the Directors believe that the group can manage its business risks successfully and are satisfied that the group and the parent company have sufficient financial resources to enable them to continue operating in the foreseeable future. The Directors therefore continue to adopt the going concern basis in preparing the Directors' report and financial statements. The financial statements do not include any adjustments that would result from the basis of preparation being inappropriate.

Research and development expenditure

Expenditure on research and development is written off to the profit and loss account in the year in which it is incurred.

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation losses.

The company assesses at each reporting date whether tangible fixed assets are impaired.

Depreciation is charged to the profit and loss account on a straight-line basis over the estimated useful lives of tangible fixed assets. Leased assets are depreciated over the shorter of the lease term and their useful lives. The estimated useful lives are as follows:

Leasehold improvements	- over 5 years
Furniture, fittings and equipment	- between 3 and 5 years

Depreciation methods, useful lives and residual values are reviewed if there is an indication of a significant change since last annual reporting date in the pattern by which the company expects to consume an asset's future economic benefits.

Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Pension costs

The Group operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of any group company. The pension charge represents the amounts payable by the group to the fund in respect of the period.

Notes to the consolidated financial statements for the year ended 31 March 2017 (continued)

Accounting policies (continued)

Taxation

Tax on the profit or loss for the year comprises current and deferred tax. Tax is recognised in the profit and loss account except to the extent that it relates to items recognised directly in equity or other comprehensive income, in which case it is recognised directly in equity or other comprehensive income.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided on timing differences which arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements. Deferred tax is not recognised on permanent differences arising because certain types of income or expense are non-taxable or are disallowable for tax or because certain tax charges or allowances are greater or smaller than the corresponding income or expense.

Deferred tax is measured at the tax rate that is expected to apply to the reversal of the related difference, using tax rates enacted or substantively enacted at the balance sheet date. Deferred tax balances are not discounted.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Investments

In the company's financial statements, investments in subsidiary undertakings are stated at cost less amounts written off, if any.

Foreign currencies

Transactions in foreign currencies are translated into sterling at the rate of exchange ruling at the date of the transaction. Monetary assets and liabilities in foreign currencies are translated into sterling at the rates of exchange ruling at the balance sheet date. Exchange differences are included in the profit and loss account.

The assets and liabilities of overseas subsidiary undertakings are translated at the closing exchange rates. Profit and loss accounts of such undertakings are consolidated at the average rates of exchange during the year. Gains and losses arising on these translations are taken to reserves.

Permanent loans advanced by a parent company to a subsidiary undertaking which are denominated in a foreign currency are maintained at their historic rate and not retranslated in the standalone company accounts. In the consolidated accounts of the group, such loans are retranslated at the closing exchange rates, and the foreign exchange differences are taken to reserves.

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as either financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the group after deducting all of its liabilities.

Trade and other debtors / creditors

Trade and other debtors are recognised initially at transaction price less attributable transaction costs. Trade and other creditors are recognised initially at transaction price plus attributable transaction costs. Subsequent to initial recognition they are measured at amortised cost using the effective interest method, less any impairment losses in the case of trade debtors.

Notes to the consolidated financial statements for the year ended 31 March 2017 (continued)

Accounting policies (continued)

Interest-bearing borrowings classified as basic financial instruments

Interest-bearing borrowings are recognised initially at the present value of future payments discounted at a market rate of interest. Subsequent to initial recognition, interest-bearing borrowings are stated at amortised cost using the effective interest method, less any impairment losses

Investments in preference and ordinary shares

Investments in equity instruments are measured initially at fair value, which is normally the transaction price. Transaction costs are excluded if the investments are subsequently measured at fair value through profit and loss. Subsequent to initial recognition investments that can be measured reliably are measured at fair value with changes recognition in profit or loss. Other investments are measured at cost less impairment in profit or loss.

Cash and cash equivalents

Cash and cash equivalents comprise cash balances and call deposits.

Provisions

A provision is recognised in the balance sheet when the entity has a present legal or constructive obligation as a result of a past event, that can be reliably measured and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are recognised at the best estimate of the amount required to settle the obligation at the reporting date.

Accounting estimates and judgements

The preparation of the consolidated accounts required management to make certain estimates and judgements. The Directors do not note any estimation uncertainty at the balance sheet date that may cause material adjustment to the carrying amounts of assets or liabilities within the next financial year. The Directors do not consider that there are any critical accounting judgements in applying the Company's accounting policies.

4 Exceptional project costs

At the start of FY2012 the business had identified that significant investment was required to transform the software code of the underlying platform used to provide services to customers, and to align all customers on one consolidated platform. Specific projects undertaken to address these two areas are tracked separately, and the exceptional costs represent the incremental cost of undertaking these projects.

This amounted to £2,000 (2016: £281,000).

Factors affecting the tax charge for the current period

The current tax credit for the period is lower (2016: lower) than the standard rate of corporation tax in the UK of 20% (2016: 20%). The differences are explained below.

	2017 £'000	2016 £'000
<i>Current tax reconciliation</i>		
Loss on ordinary activities before tax	(1,654)	(2,309)
Current tax at 20% (2015: 20%)	(331)	(462)
<i>Effects of:</i>		
Expenses not deductible for tax purposes	5	5
Losses carried forward	178	287
Additional deduction on qualifying R&D expenditure	(184)	(212)
Tax repayment on qualifying R&D expenditure	23	88
Total current tax credit (see above)	(309)	(294)

The unrecognised deferred tax asset in respect of UK trading losses and capital allowances versus depreciation was £2,217,000 (2016: £2,039,000). The unrecognised deferred tax asset in respect of US Federal loss carry forward was £2,455,000 (2016: £1,822,000). These amounts have not been recognised as there is insufficient evidence that they will be recovered.

A reduction in the UK corporation tax rate from 21% to 20% (effective from 1 April 2015) was substantively enacted on 2 July 2013. Further reductions to 19% (effective from 1 April 2017) and to 18% (effective 1 April 2020) were substantively enacted on 26 October 2015, and an additional reduction to 17% (effective from 1 April 2020) was substantively enacted on 6 September 2016. These will reduce the group's future current tax charge and any deferred tax asset accordingly.

Share capital (Continued)

a) The ordinary shares and A ordinary shares of £0.0001 carry one vote each. Voting rights on the preferred shares are calculated on an as converted basis. Any individual holder of preferred shares may at any time convert the whole of his preferred shares into ordinary shares. The rate of conversion shall be one ordinary share for each preferred share held. The deferred shares do not convey a right to vote.

b) Dividends, accruing from the date of subscription, are payable in respect of the preferred shares (fixed dividends) at an aggregate amount of £68,800 per annum. This dividend is payable each year on 17 June. Dividends do not accrue on ordinary shares or A ordinary shares. Their payment depends on a recommendation by the Directors. No ordinary dividend is payable if there are arrears of any other dividends. No dividends are payable on the deferred shares.

c) At any time after 19 February 2012, upon a vote by 75% or more of the preferred shares, they shall be redeemed at £0.003 per share.

d) On liquidation or capital reduction, the assets of the company remaining after the payment of its liabilities shall be applied in the following order of priority:

First to the holders of the preferred shares £0.006 per share together with a sum equal to any arrears or accruals of the fixed dividend and if there is a shortfall the proceeds shall be distributed to the holders of the preferred shares in proportion to the amounts due on each share held;

Second in paying to the holders of equity shares (ordinary shares and A ordinary shares) in proportion to the numbers of equity shares by each with the holders of the preferred shares participating on an as converted basis until the holders of the equity shares have received a sum equal to £1,000,000 per share.

Third, any remaining assets shall be distributed to the holders of deferred shares pro rata based on the number of deferred shares held by each.
