## TIME OUT GROUP MC LIMITED

### Strategic Report

For the year ended 30 June 2023

The Directors present their strategic report for the year ended 30 June 2023.

#### Principal Activities

The Company's principal activity in the year under review was that of an intermediate holding company. It is the intention of the Directors that the Company will continue these activities for the foreseeable future.

The Company had a profit for the financial year of £8.3m (2022: loss of £137.2m) which related to finance income from other group companies.

#### Principal Risks, Financial Risks and Uncertainties

The Directors consider that the principal risks, financial risks and uncertainty facing the business are:

##### *Funding*

The Directors consider that the Company has sufficient resources and access to funding to develop the business organically at the planned rates of growth. Where opportunities arise for the acquisition of or investment in, new business and associated assets, the Directors will consider carefully whether these should be funded from available resources or from new investment.

##### *Financial risk management*

The Company faces a number of financial risks which are managed as part of the Time Out Group plc's risk management objectives and policies. The Company does not hedge any of these risks and therefore hedge accounting is not applied in these financial statements.

#### Key performance indicators (KPIs)

Due to the straightforward nature of the business, the Company's Directors believe that analysis using KPIs for the Company, other than statutory results, is not necessary or appropriate for an understanding of the development, performance or position of the business of the Company. The development, performance and position of the Group, which includes the Company, are discussed in the Annual Report and Accounts of Time Out Group plc, its parent Company, which do not form part of this report.

### **Report of the Directors**

**For the year ended 30 June 2023**

The Directors present their report with the unaudited financial statements of the Company for the year ended 30 June 2023. Time Out Group MC Limited is a company incorporated in the UK, registered at 1<sup>st</sup> Floor, 172 Drury Lane, London WC2B 5QR.

#### **Directors**

The Directors of the Company who were in office during the year and up to the date of signing the financial statements were:

S Ohlund

P Foley (appointed 14 November 2022, resigned 30 September 2023)

M Pritchard (appointed 1 October 2023)

#### **Results and Dividend**

The Company had a profit for the financial year of £8.3m (2022: loss of £137.2m) relating to finance income from other group companies. The Directors do not recommend the payment of a dividend (2022: nil).

#### **Future developments**

The Directors expect the Company to continue functioning as an intermediate investment holding company.

#### **Financial risk management**

Information on financial risk management is contained in the Strategic Report on page 2.

#### **Directors' indemnity and liability insurance**

The Company has purchased and maintained throughout the financial year Directors' and Officers' liability insurance in respect of itself and its Directors.

The Directors also have the benefit of the indemnity provision contained in the Company's Articles of Association which represents a qualifying third-party indemnity provision as defined by Section 234 of the Companies Act 2006. The indemnity was in force throughout the financial year and at the date of approval of the financial statements.

#### **Going Concern**

The Directors regard the company as a going concern, see note 1 for further information.

**Report of the Directors (continued)**  
**For the year ended 30 June 2023**

**Statement of Directors' responsibilities in respect of the financial statements**

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable law and regulation.

Company law requires the Directors to prepare financial statements for each financial year. Under that law the Directors have prepared the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards, comprising FRS 101 "Reduced Disclosure Framework", and applicable law). Under company law the Directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the Company for that year.

In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- state whether applicable United Kingdom Accounting Standards, comprising FRS 101, have been followed, subject to any material departures disclosed and explained in the financial statements;
- make judgements and accounting estimates that are reasonable and prudent; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The Directors are responsible for keeping adequate accounting records that are sufficient to show and explain the Company's transactions and disclose with reasonable accuracy at any time the financial position of the Company and enable them to ensure that the financial statements comply with the Companies Act 2006.

The Directors are also responsible for safeguarding the assets of the Company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

## TIME OUT GROUP MC LIMITED

### Notes to the financial statements For the year ended 30 June 2023

#### 1. Accounting policies

##### *Domicile*

The Company is a private limited company limited by shares, incorporated, registered and domiciled in England. The registered office is located at 1<sup>st</sup> Floor, 172 Drury Lane, London WC2B 5QR.

##### *Basis of preparation*

The Company has prepared its financial statements in accordance with Financial Reporting Standard 101, 'Reduced Disclosure Framework' (FRS 101). The financial statements have been prepared under the historical cost convention on a going concern basis and in accordance with the Companies Act 2006 as applicable to companies using FRS 101.

The following exemptions from the requirements of IFRS have been applied in the preparation of these financial statements, in accordance with FRS 101:

- IFRS 3 Business Combinations;
- The requirements of IFRS 7 Financial Instruments: Disclosures;
- IFRS 13 Fair Value Measurement;
- Share-based payments;
- (Related party) transactions with Time Out Group plc and subsidiaries;
- Related party transactions;
- IAS 7 Statement of cash flows; and
- Paragraphs 30 and 31 of IAS 8 "Accounting policies, changes in accounting estimates and errors"

##### *Going concern*

The financial statements have been prepared under the going concern basis of accounting as the Directors have a reasonable expectation that the Group and Company will continue in operational existence and be able to settle their liabilities as they fall due for the foreseeable future, being a period of not less than one year from the date of approval of the financial statements ("forecast period"). In making this determination, the Directors have considered the financial position of the Group, projections of its future performance and the financing facilities that are in place.

##### *New and amended standards adopted by the Company*

The accounting standards and policies adopted in these financial statements are consistent with those of the annual financial statements for the year ended 30 June 2022 as prepared under FRS 101. The accounting policies have been applied consistently by the Company year-on-year.

**Notes to the financial statements**  
**For the year ended 30 June 2023**

**1. Accounting policies – continued**

*Critical accounting estimates and judgements*

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities, at the end of the reporting year. However, uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future years.

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

For the investment in subsidiaries, impairment exists when the carrying value on an asset or cash generating unit exceeds its recoverable amount, which is the higher of its fair value less costs to sell and its value in use. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction of similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model, where appropriate.

*Financial instruments*

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including preference shares) are equivalent to a similar debt instrument, those financial instruments are classified as financial liabilities. Where the contractual terms of preference shares do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Financial assets are derecognised when the right to receive cash-flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership. When securities classified as available for sale are sold, or impaired, the accumulated fair value adjustments previously taken to reserves are included in the income statement.

**Notes to the financial statements**  
**For the year ended 30 June 2023**

**1. Accounting policies – continued**

*Taxation*

The charge for taxation is based on profits for the year and takes into account taxation deferred because of temporary differences between the treatment of certain items for taxation and accounting purposes.

Deferred tax is provided in full using the balance sheet liability method. A deferred tax asset is recognised where it is probable that future taxable income will be sufficient to utilise the available relief. Tax is charged or credited to the income statement except when it relates to items charged or credited directly to equity, in which case the tax is also dealt with in equity. Deferred tax is provided on temporary differences arising on investments in subsidiaries and associates, except where the timing of the reversal of the temporary differences is controlled by the Company and it is probable that the temporary differences will not reverse in the foreseeable future. Deferred tax liabilities and assets are not discounted.

*Foreign currencies*

The functional and presentational currency of the Group is sterling. Assets and liabilities of subsidiaries with a functional currency which is a foreign currency are translated into sterling at rates of exchange ruling at the end of the financial year and the results of foreign subsidiaries are translated at the average exchange rate for the year. All transactions denominated in foreign currency are translated at the rate of exchange ruling at the time of the transaction. All foreign exchange differences are taken to the income statement in the year in which they arise. At the statement of financial position date, monetary assets and liabilities denominated in foreign currencies are translated using the closing rate.

*Investments*

Investments are stated at cost less provision for impairment, of which there isn't any. The Company assesses these investments for impairment wherever events or changes in circumstances indicate that the carrying value of an investment may not be recoverable. If any such indication of impairment exists, the Company makes an estimate of the recoverable amount. If the recoverable amount is less than the value of the investment, the investment is considered to be impaired and is written down to its recoverable amount. An impairment loss is recognised immediately in the income statement. No impairment loss has been recognised in the current year.

*Trade and other receivables*

Trade receivables are amounts due from other group companies. If collection is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

*Trade and other payables*

Trade payables are amounts due to other group companies. If payment is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current liabilities. If not, they are presented as non-current liabilities.

*Interest income and expense*

Interest income from preference shares is recognised using the effective interest method.
