For the year ending 31 January 2012 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies

The members have not required the company to obtain an audit of its accounts for the year in question in accordance with section 476

The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of accounts

These accounts have been prepared in accordance with the provisions applicable to companies subject to the small companies regime

The notes form part of these financial statements

The financial statements were approved by the board of directors on 2 September 2012

SIGNED ON BEHALF OF THE BOARD BY:

Name A J Bower
Status Director

Vera Analytics Limited

Notes to the Financial Statements for the Period Ended 31 January 2012

1. Accounting policies

Basis of measurement and preparation of accounts

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008). The financial statements have been prepared on a going concern basis.

Turnover

Turnover represents revenue recognised by the company in respect of goods supplied and services performed during the period, exclusive of Value Added Tax and trade discounts.

Tangible fixed assets

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives:

Plant and machinery 25.00% straight line

Fixtures and fittings 15.00% straight line

Computer equipment 33.00% straight line

Deferred taxation

Full provision is made for deferred tax assets and liabilities arising from all timing differences between the recognition of gains and losses in the financial statements and recognition in the tax computation. A net deferred tax asset is only recognised if it can be regarded as more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted. Deferred tax assets and liabilities are calculated at the tax rates expected to be effective at the time the timing differences are expected to reverse. Deferred tax assets and liabilities are not discounted.

Research and development

Research and development expenditure is written off in the year in which it is incurred.

2. Turnover

All turnover arose from UK sales.

3. Debtors

	£
Trade debtors	71
