NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 AUGUST 2017

1. STATUTORY INFORMATION

Media Alive Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements

These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The directors have assessed various factors and risks affecting the company and its ability in these difficult economic times to continue to trade as a going concern. The directors have not identified any material uncertainties or risks related to events or conditions that could affect the carrying values of the company's assets and liabilities as at the balance sheet date and therefore the financial statements for the period ended 31st August 2017 have been prepared using the going concern basis of accounting.

Significant judgements and estimates

In the application of the company's accounting policies, management is required to make judgements, estimates and assumptions about the carrying values of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from those estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Revenue recognition

Revenue is recognised and included in the accounts as turnover measured at fair value of the consideration received or receivable, once services have been provided to customers, excluding discounts, rebates, value added and other sales taxes.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.
Plant and machinery etc - 20% on cost

Financial instruments

The directors consider that all financial instruments are basic financial instruments in accordance with section 11 of Financial Reporting Standard 102. All basic financial instruments including trade and other debtors, cash and cash equivalents, and trade and other creditors, are initially recognised at transaction price and thereafter stated at amortised cost.

Taxation

Taxation for the year comprises current tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Hire purchase and leasing commitments

Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.
