NOTES TO THE ABBREVIATED ACCOUNTS
FOR THE YEAR ENDED 31 MARCH 2013

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

As shown by the balance sheet, the company's assets are exceeded by its liabilities. The company's continued trading activities are dependent upon the continued support of its directors.

The directors have indicated that this support will continue for the foreseeable future and therefore it is appropriate that these financial statements are prepared on a going concern basis.

Accounting convention

The financial statements have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents net invoiced sales of services, excluding value added tax, except in respect of service contracts where turnover is recognised when the company obtains the right to consideration.

Goodwill

Goodwill, being the amount paid in connection with the acquisition of a business in 2011, is being amortised evenly over its estimated useful life of five years.

Tangible fixed assets

Depreciation is provided at the following annual rates in order to write off each asset over its estimated useful life.

Plant and machinery	- 25% on reducing balance
Fixtures and fittings	- 20% on cost
Computer equipment	- 33% on cost

Deferred tax

Deferred taxation has not been provided in these accounts as, in the opinion of the directors, there is reasonable probability that the liability will not arise in the foreseeable future. This does not comply with the Financial Reporting Standard for Smaller Entities (effective April 2008), paragraph 9.4. If full provision for deferred taxation was made in these accounts, there would be a liability at 31 March 2013 of £133 (2012: £128).
