**Notes to the abbreviated financial statements
for the year ended 31 July 2015**

1. Accounting policies

1.1. Accounting convention

The accounts are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

1.2. Turnover

Turnover represents the total fees earned for the year from the company's ordinary activities.

1.3. Tangible fixed assets and depreciation

Depreciation is provided at rates calculated to write off the cost less residual value of each asset over its expected useful life, as follows:

Fixtures, Fittings and Equipment - 20% Reducing Balance

1.4. Government Grants

Government grants have been disclosed in the financial statement in line with SSAP 4 disclosure requirements. Government grants are recognised in the profit and loss account in an appropriate manner that matches them with the expenditure towards which they are intended to contribute. Grants for immediate financial support to cover costs already incurred are recognised immediately in the profit and loss account. Grants towards general activities of the entity over a specific period are recognised and are treated as deferred income and released to the profit and loss account over the useful life of the asset concerned. All grants in the profit and loss are recognised when all conditions for receipt have been complied with.

1.5. Going concern

The company had an excess of liabilities over assets at the balance sheet date. However the company owes money to the director who has indicated that his support will continue for the foreseeable future and on this basis the director believes that the company can pay its liabilities as they fall due.
