SP-BUILDING SERVICES LIMITED
NOTES TO THE ACCOUNTS
FOR THE YEAR ENDED 31 OCTOBER 2021

1 Statutory information

SP-Building Services Limited is a private company, limited by shares, registered in England and Wales, registration number 07802421. The registered office is 16 Barnwell House, Barnwell Drive, Cambridge, CB5 8NN.

2 Compliance with accounting standards

The accounts have been prepared in accordance with the provisions of FRS 102 Section 1A Small Entities. There were no material departures from that standard.

3 Accounting policies

The principal accounting policies adopted in the preparation of the financial statements are set out below and have remained unchanged from the previous year, and also have been consistently applied within the same accounts.

Basis of preparation

The accounts have been prepared under the historical cost convention as modified by the revaluation of certain fixed assets.

Presentation currency

The accounts are presented in £ sterling.

Turnover

Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. Turnover from the sale of goods is recognised when goods have been delivered to customers such that risks and rewards of ownership have transferred to them. Turnover from the rendering of services is recognised by reference to the stage of completion of the contract. The stage of completion of a contract is measured by comparing the costs incurred for work performed to date to the total estimated contract costs.

Tangible fixed assets and depreciation

Tangible assets are included at cost less depreciation and impairment. Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives:

Plant & machinery	25% straight line
Motor vehicles	25% reducing balance
Computer equipment	33.3% straight line

Leased assets

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profit on a straight line basis over the lease term.

Assets held under finance leases and hire purchase contracts are capitalised and depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability. The interest element of rental obligations is charged to the profit and loss account over the period of the lease at a constant proportion of the outstanding balance of capital repayments.

Government grants

Government grants in relation to tangible fixed assets are credited to profit and loss account over the useful lives of the related assets, whereas those in relation to expenditure are credited when the expenditure is charged to profit and loss.

Pension costs

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are recognised in the profit and loss account when due.
