For the financial year ended 31 October 2015 the company was entitled to exemption from audit under section 477 of the Companies Act 2006 relating to small companies.

Directors' responsibilities:

- The members have not required the company to obtain an audit of its financial statements for the year in question in accordance with section 476;
- The directors acknowledge their responsibilities for complying with the requirements of the Act with respect to accounting records and the preparation of financial statements.

These abbreviated financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies' regime within Part 15 of the Companies Act 2006.

Approved by the Board for issue on 6 July 2016

MV ESTATES LIMITED

NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 OCTOBER 2015

1 Accounting policies

1.1 Accounting convention

The financial statements are prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

At the balance sheet date the company had net current liabilities of £229,559 (2014: net current assets of £107,741). The company meets its day to day working capital requirements through the continued financial support of the directors. The directors have pledged their continued support to the company for the foreseeable future and on this basis the directors consider it appropriate to prepare these financial statements on a going concern basis.

1.2 Turnover

Turnover represents amounts receivable for services net of VAT.

1.3 Tangible fixed assets and depreciation

No depreciation is provided in respect of the investment properties.

Although this policy is in accordance with the Financial reporting Standard for Smaller Entities (effective January 2015), it is a departure from the general requirement of the Companies Act 2006 for all tangible assets to be depreciated. In the opinion of the directors compliance with the standard is necessary for the financial statements to give a true and fair view.

Investment properties are included in the balance sheet at their historical cost. The properties have not been revalued and, therefore, the accounts do not comply with the requirements of the Financial Reporting Standard for Smaller Entities (effective January 2015).

1.4 Stock and work in progress

Work in progress is valued at the lower of cost and net realisable value.

1.5 Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences that result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.
