2. ACCOUNTING POLICIES

Basis of preparing the financial statements
These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

The accounts have been prepared on a going concern basis despite the net current liabilty position as the director expects that the company will be able to meet its liabilities through dividends received from it's subsidiaries.

Significant judgements and estimates
There are no judgements (apart from those involving estimates) that have had a significant effect on amounts recognised in the financial statements.

Investments in subsidiaries
Investments in subsidiaries are recognised at cost less any provisions for impairment.

Financial instruments
Directors loans and intercompany loans (being repayable on demand), trade debtors and trade creditors are measured at the undiscounted amount of the cash or other consideration expected to be paid or received.

Taxation
Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.
