Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Deferred taxation

Deferred tax is provided in full on all timing differences between profits in the accounts and profits for taxation purposes which will result in an obligation to pay more (or less) tax at a future date, at the average tax rates which are expected to apply when the timing differences reverse, based on current tax rates and laws.
