Notes to the Abbreviated Accounts for the period ended 28 February 2015**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

The turnover shown in the profit and loss account represents amounts invoiced during the year, exclusive of Value Added Tax.

Tangible assets depreciation policy

All fixed assets are initially recorded at cost.

Depreciation is calculated so as to write off the cost of an asset, less its estimated residual value, over the useful economic life of that asset as follows:

Computer hardware - 25% straight line

Office equipment - 25% straight line

Other accounting policies

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight line basis over the period of the lease.

Deferred tax is provided in full on all timing differences between profits in the accounts and profits for taxation purposes which will result in an obligation to pay more (or less) tax at a future date, at the average tax rates which are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred taxation assets are recognised to the extent that it is considered more likely than not that they will be recovered.
