Notes to the Financial Statements

Year ended 31 March 2018

1. General information

The company is a private company limited by guarantee, registered in England and Wales. The address of the registered office is Floor 5, Sale Point, 126 - 150 Washway Road, Sale, Manchester, M33 6AG, England.

2. Statement of compliance

These financial statements have been prepared in compliance with Section 1A of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting policies

Basis of preparation

The financial statements have been prepared on the historical cost basis.

Judgements and key sources of estimation uncertainty

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported. These estimates and judgements are continually reviewed and are based on experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

Revenue recognition

Income is measured at fair value of consideration received or receivable for services rendered in accordance with contracts awarded. The majority of the income derives from the contract with Trafford MBC.

Tangible assets

Tangible assets are initially recorded at cost, and subsequently stated at cost less any accumulated depreciation and impairment losses. The company does not have a policy of revaluing fixed assets.

Depreciation

Depreciation is calculated so as to write off the cost or valuation of an asset, less its residual value, over the useful economic life of that asset as follows:

Furniture & equipment - Computer equipment 33% - Furniture and equipment 20%

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument. Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

The company does not have any complex financial instruments.

3. Accounting policies *(continued)*

Defined contribution plans

Contributions to defined contribution plans are recognised as an expense in the period in which the related service is provided. Prepaid contributions are recognised as an asset to the extent that the prepayment will lead to a reduction in future payments or a cash refund.

When contributions are not expected to be settled wholly within 12 months of the end of the reporting date in which the employees render the related service, the liability is measured on a discounted present value basis. The unwinding of the discount is recognised as a finance cost in profit or loss in the period in which it arises.

4. Company limited by guarantee

The company is limited by guarantee and does not have a share capital. In the event of it being wound up the members are committed to contributing up to £1 each.

5. Taxation

In common with other local healthwatch organisations, Healthwatch Trafford is not engaged in business activities and therefore the Directors are of the opinion that it is not liable to corporation tax.

6. Operating profit

Operating profit or loss is stated after charging:

	2018	2017
	£	£
Depreciation of tangible assets	—	995

7. Employee numbers

The average number of persons employed by the company during the year amounted to 5 (2017: 5). This includes the executive chair but not the other directors who do not receive any remuneration for their services.
