Basis of accounting

The financial statements are prepared under the historical cost convention and in accordance with the FRS 102 Financial Reporting Standard for Smaller Entities (effective January 2016).

Going Concern

The financial statements have been prepared on a going concern basis. The company's ongoing activities are dependent upon the continued support of the director who has undertaken to provide such support for the foreseeable future.

If the going concern basis were not appropriate, adjustments would have to be made to reduce the value of assets to their recoverable amount, to provide for any further liabilities that may arise and to reclassify fixed assets as current assets and long term liabilities as current liabilities.

Turnover

Turnover comprises the invoiced value of goods and services supplied by the company, net of Value Added Tax and trade discounts.

Tangible fixed assets

Tangible fixed assets, other than freehold land, are stated at cost or valuation less depreciation and any provision for impairment. Depreciation is provided at rates calculated to write off the cost or valuation of fixed assets, less their estimated residual value, over their expected useful lives on the following basis:

PART 1 - GENERAL DESCRIPTION OF THE COMPANY'S ACTIVITIES AND IMPACT

In the space provided below, please insert a general account of the company's activities in the financial year to which the report relates, including a description of how they have benefited the community.

Old Market Manor is a 7000 SQ FT factory situated in the Old Market area of St Philips, Bristol. It is a community-built, community-led Makerspace, a craft and design centre for excellence built by people who are dedicated and passionate about making.

We have created a social enterprise facility in Bristol that will work like the 'hot desk' and co working collaborative system that has become so essential for the professional Freelance creative sector; a space where practical makers can share the skills of their craft and train, inspire, collaborate and mentor.

Our ambition is to create a sustainable business model for both the community and the environment, to provide affordable access to machinery, training and vocational classes across multiple disciplines.

Old Market Manor provides an affordable solution for those who require workshop or studio space but can't afford or don't need to own one. We give designers and makers access to temporary and permanent bench spaces, affordable by the day/ week or month, but will also accommodate longer term business with resident spaces for them to base and incubate their business in a inspiring creative venue.

The facility offers a joinery and furniture making workshop, with all of the machines and equipment found in a commercial business, as well as metal fabrication, upholstery and Jewellery production.

Old Market Manor also houses office space and co working desk space, providing opportunities where there are little, nurturing talent and encouraging progression in skills and craft through the dedicated support of our Fellowship and Members.

We also advise business start-ups and burgeoning collectives, expanding our technical and vocational training to entrepreneurial support through the provision of affordable yet professional sector training.

We have recognised a great need in Bristol for this zeitgeist, one that not only provides space, but also offers a culture, a community and provides training, employment and professional mentoring at every level of engagement. By investing in this way we are committing wholeheartedly to both the present and the future, engendering skills and wellbeing for both the city and its people, contributing to Bristol's vital backbone - it's ever-growing creative economy.

PART 2 – CONSULTATION WITH STAKEHOLDERS – Please indicate who the company's stakeholders are; how the stakeholders have been consulted and what action, if any, has the company taken in response to feedback from its consultations? If there has been no consultation, this should be made clear.

It's a community-built, community-led Makerspace. Our members here are our stakeholders currently standing at 38 full time and 4-5 part time. Although operations and administrative decision are made by the OMM team, our members have helped influence how this space has developed.

Decisions such as

- How the space is run from day to day*
- When we are in a financial position, where to invest in equipment*
- What events we are to hold*

We encourage members to come up with new ideas that would make a positive impact at the space. Our meetings are held as a group in the space and there is 1 meeting per quarter

We also have 3 mentors that the OMM Team can turn to for advice. The mentors in question have provided many hours of pro bono consultancy and have been vital in the navigation of the social enterprise.

(If applicable, please just state "A social audit report covering these points is attached").
