1. STATUTORY INFORMATION

Family Landscapes Ltd is a private company, limited by shares , registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

2. ACCOUNTING POLICIES

Basis of preparing the financial statements
These financial statements have been prepared in accordance with the provisions of Section 1A "Small Entities" of Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and the Companies Act 2006. The financial statements have been prepared under the historical cost convention.

Turnover
Turnover is measured at the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Taxation
Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax
Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Hire purchase and leasing commitments
Rentals paid under operating leases are charged to profit or loss on a straight line basis over the period of the lease.

5. GOING CONCERN

At the balance sheet date the company has net current liabilities and net liabilities. However, the majority of the liabilities are represented by a loan from the director. The director has provided assurances that she will not seek repayment of this loan until such time as the company can afford to do so and that she will continue to provide additional funds that may be required by the company for at least 12 months from the date of the approval of the accounts. Therefore the director considers that it is appropriate for the accounts to be prepared on a going concern basis.

6. FIRST YEAR ADOPTION

This is the first year that the company has presented its financial statements under Financial Reporting Standard 102 (FRS 102) issued by the Financial Reporting Council. The last financial statements for the period ended 29 February 2016 were prepared under previous UK GAAP. The transition date to FRS 102 is therefore 19 February 2015.

Adopting FRS 102 has not resulted in the need to change any of the company's accounting policies and none of the company's figures in respect of the previous year have needed to be restated. Therefore no reconciliation of changes to equity or changes to profit and loss account are presented.
