1 Accounting policies

Basis of preparation

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (Effective January 2015).

The accounts do not include a cash flow statement because the company, as a small reporting entity, is exempt from the requirements to prepare such a statement.

Going concern

The financial statements have been prepared on a going concern basis.

Turnover

Turnover represents amounts chargeable in respect of the sale of services to customers net of the impact of Flat rate value added tax.

Depreciation

Depreciation is provided on tangible fixed assets so as to write off the cost less residual value of each asset over its expected useful life with a 25% reducing balance.

Asset class	Depreciation method and rate
Computer	25% Reducing Balance

Financial instruments

Financial instruments are classified and accounted for, according to the substance of the contractual arrangement, as financial assets, financial liabilities or equity instruments. An equity instrument is any contract that evidences a residual interest in the assets of the company after deducting all of its liabilities. Where shares are issued, any component that creates a financial liability of the company is presented as a liability in the balance sheet. The corresponding dividends relating to the liability component are charged as interest expense in the profit and loss account.
