Liverpool Cares Limited

Trustees' Annual Report

For the period ended 31 August 2019

The trustees, who are also directors under company law, present their report and financial statements for the period ended 31 August 2019. The trustees confirm that the financial statements comply with current statutory requirements, the memorandum and articles of association and the Statement of Recommended Practice – Accounting and Reporting by Charities: SORP applicable to charities preparing their accounts in accordance with FRS 102.

Objectives and activities

Purposes and aims

Liverpool Cares Limited ("Liverpool Cares") is a community network of young professionals and older neighbours hanging out and helping one another in a rapidly changing city. The objectives of the charity are to:

- Reduce isolation and loneliness amongst older neighbours and young professionals alike;
- Improve the confidence, skills, connection, belonging, purpose and power of all participants;
- Reduce the gaps across social, generational, digital, cultural and attitudinal divides.

Liverpool Cares Limited achieves these objectives through four core programmes. **Social Clubs** are group activities such as film nights, dance parties, new technology workshops, choir sessions, men's cooking classes and 'Desert Island Discs' nights that bring older and younger neighbours together to share time, laughter, new experiences and friendship. **Love Your Neighbour** creates one-to-one friendships between young professionals and older neighbours, helping to bring a little of the outside world in so that older people who may struggle to get out can feel part of their changing city, rather than left behind by it. **Outreach** helps us identify people at risk of isolation so that they can benefit from our work – including through a pro-active Winter Wellbeing project helping older neighbours stay warm, active and connected during the most isolating time of year and through work to mobilise young professionals. And our **Community Fundraising** provides another opportunity for older and younger neighbours to share time and camaraderie while also raising funds to support their network. Volunteers are a vital part of "Liverpool Cares" purpose and activity. Their contribution is significant to the charity meeting its strategic objectives. The trustees would like to put on record their appreciation for the time, care, attention and energy of the many volunteers in the community network.

Liverpool Cares Limited will produce an Annual Report with full details and descriptions of the type and efficacy of the activities the charity delivers, as well as further and specific information about the funding of the charity. Reports can be found at www.liverpoolcares.org.uk.

Public benefit

The trustees confirm that they have read, understood and adhere to the Charity Commission's guidance on public benefit.

Investment and funding

The trustees confirm that all income and expenditure is for the sole purpose of meeting these objectives, and the development of a strategy and team capable of meeting those objectives. In meeting these objectives, some small grants are awarded to individuals through the charity's Winter Wellbeing project – up to a maximum £100 – in order to help older people to meet their health and wellbeing needs in winter.

Achievements and performance

Liverpool Cares Limited was incorporated on 23 January 2018 and started its work in October 2018. Since then, the charity has made significant strides forward. At the end of the period the community network consisted of over 429 young professionals and 360 older neighbours. Through the period, the charity hosted 93 social clubs, and managed one one-to-one friendship as the Love Your Neighbour programme got started. The charity created 3,111 interactions across social and generational lines during the period, and added 683 volunteer hours to the community. Through the Winter Wellbeing project 2018/19, the charity and its volunteers held 566 face-to-face conversations with older neighbours, distributed nine grants totalling £670 and helped 257 older people to connect to local activities and Council services. An independent impact evaluation of Liverpool Cares' sibling charities, published in 2019, showed that older and younger neighbours alike report reduced loneliness and isolation (with stronger results for older neighbours the more intensely they participate); improved understanding across generational lines; a sense of belonging to a community; and an increased connection to self as a result of participating in the charity's programmes.

Financial review and reserves policy

With total **incoming resources of £115,580** in 2018/19 and total **resources expended of £107,473**, Liverpool Cares Limited had net incoming resources of **£8,107**. This is the first year of operation for Liverpool Cares Limited, so the charity has **£8,107 in reserves** (£7,471 restricted, £636 unrestricted) – which represents about one month of expenditure at current levels. The charity's aspiration is ultimately to hold six months of strategic reserves over the coming years.

The primary sources of income were **grants** (92%) and **donations** (8%). The charity has good fundraising prospects for the future based deepening impact and relationships with funders. The charity is assessed to be in good financial health, with reserves of approximately one month of expenditure on account.

Fundraising and investments

All expenditure was focused on meeting the charity's core objectives, hiring and retaining the staff to meet those objectives, and raising funds. The percentage of funds spent on charitable activities was 70%, with 30% spent on fundraising and management.

The charity's restricted income in 2017/18 was 92% of overall income, with 8% unrestricted. The charity's restricted reserves are at 92% of overall on hand resources), with 8% unrestricted.

1 Accounting policies

Charity information

Liverpool Cares Limited is a charity registered in England and Wales. The registered office is C/O Lab Liverpool 6th Floor, Tempest Building, 12 Tithebarn Street, Liverpool L2 2DT.

Basis of preparation

The financial statements have been prepared in accordance with Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) - (Charities SORP FRS 102), and the Companies Act 2006. The charity is exempted from preparing a cash flow statement due to the exemption available to charities with income less than £500,000.

Assets and liabilities are initially recognised at historical cost or transaction value unless otherwise stated in the relevant accounting policy or note.

Public benefit entity

The charitable company meets the definition of a public benefit entity under FRS 102.

Going concern

The trustees consider that there are no material uncertainties about the charitable company's ability to continue as a going concern.

The trustees do not consider that there are any sources of estimation uncertainty at the reporting date that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next reporting period.

Income

Income is recognised when the charity has entitlement to the funds, any performance conditions attached to the income have been met, it is probable that the income will be received and that the amount can be measured reliably.

Income from grants and donations are recognised when the charity has entitlement to the funds, any performance conditions attached to the grants have been met, it is probable that the income will be received and the amount can be measured reliably and is not deferred.

Income received in advance of the provision of a specified service is deferred until the criteria for income recognition are met.

Bank interest on funds is included when receivable and the amount can be measured reliably by the charity; this is normally upon notification of the interest paid or payable by the bank.

Fund accounting

Restricted funds are to be used for specific purposes as laid down by the donor. Expenditure which meets these criteria is charged to the fund.

Unrestricted funds are donations and other incoming resources received or generated for the charitable purposes.

Expenditure

Expenditure is recognised once there is a legal or constructive obligation to make a payment to a third party, it is probable that settlement will be required and the amount of the obligation can be measured reliably. Expenditure is classified under the following activity headings:

Costs of raising funds relate to the costs incurred by the charitable company in inducing third parties to make voluntary contributions to it, as well as the cost of any activities with a fundraising purpose and their associated support costs.

Expenditure on charitable activities includes the costs of charitable activities that are undertaken to further the purposes of the charity and their associated support costs.

1 Accounting policies (continued)

Allocation of support costs

Resources expended are allocated to the particular activity where the cost relates directly to that activity. However, the cost of overall direction and administration of each activity, comprising the salary and overhead costs of the central function, is apportioned on the basis of staff time, of the amount attributable to each activity.

Tangible fixed assets

Depreciation is provided at rates calculated to write down the cost of each asset to its estimated residual value over its expected useful life. The depreciation rate in use is 25% straight line for all categories of assets.

Debtors

Debtors are recognised at the settlement amount due after any trade discount offered. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash at bank and in hand

Cash at bank and cash in hand includes all bank balances kept in current accounts.

Creditors and provisions

Creditors and provisions are recognised where the charity has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors and provisions are normally recognised at their settlement amount after allowing for any trade discounts due.

The charity only has financial assets and financial liabilities of a kind that qualify as basic financial instruments which are initially recognised at transaction value and subsequently measured at their settlement value.
