CMAC PARTNERSHIP LIMITED

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 30 APRIL 2025

1 Accounting policies

Company information

CMAC Partnership Limited is a private company limited by shares and is registered and incorporated in England and Wales. The registered office is Suite 1, The Globe Centre, St. James Square, Accrington, Lancashire, BB5 0RE.

Accounting convention

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention. The principal accounting policies adopted are set out below.

Non-going concern basis of accounting

The company has been dormant since its incorporation and in previous years, its financial statements have been drawn up on a going concern basis. The directors' intention is to strike off the company in future period as part of an exercise to simplify the group structure. As a result, these financial statements have been drawn up on a basis other than going concern due to the directors expectation, at the time of approving these financial statements, of the cessation of trade during a prior period. No adjustments arise as a result of applying the non-going concern basis.

Profit and loss account

The company has not traded during the current or prior year. During this time, the company received no income and incurred no expenditure and therefore no profit and loss account is presented in these financial statements.

Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised when the company becomes party to the contractual provisions of the instrument.

Basic financial assets

Basic financial assets, which include other debtors, are initially measured at transaction price, including transaction costs and are subsequently carried at amortised cost using the effective interest method.

Equity instruments

Equity instruments issued by the company are recorded at the fair value of proceeds received, net of transaction costs. Dividends payable on equity instruments are recognised as liabilities once they are no longer at the discretion of the company.
