Tangible assets

Tangible assets are stated in the balance sheet at cost, less any subsequent accumulated depreciation and subsequent accumulated impairment losses.

The cost of tangible assets includes directly attributable incremental costs incurred in their acquisition and installation.

Computer equipment	20% reducing balance
Leasehold	Over the term of the lease

Except for bank loans, such instruments are initially measured at transaction price, including transaction costs, and are subsequently carried at the undiscounted amount of the cash or other consideration expected to be paid or received, after taking account of impairment adjustments.

Bank loans are initially measured at transaction price, including transaction costs, and are subsequently carried at amortised cost using the effective interest method.
