Stocks

Stocks are valued at the lower of cost and net realisable value after taking into account costs of completion and sale. Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads. The amount of any write-down to net realisable value, and all losses of stock, are recognised as an expense in the period in which the write-down or loss occurs. The amount of any reversal of any write-down is recognised as a reduction in the amount of stock expensed in the period in which the reversal occurs.
