2 Director's advances, credit and guarantees

In common with many other businesses, the company has encountered difficult trading conditions owing to the Covid 19 pandemic and, in addition, the issues regarding Brexit and how that will affect the company's operations, create uncertainty over the company's ability to realise its assets and meet it liabilities in the ordinary course of business in the future. However, the directors will continue to support the company and have made operational changes to enable the company to continue to trade. These trading conditions may continue for the foreseeable future, although advancements in medical science continue to improve the outlook and Brexit issues are being resolved, so the directors believe the actions they have taken are sufficient to mitigate any uncertainty and therefore have prepared the financial statements on the going concern basis.
