NOTES TO THE FINANCIAL STATEMENTS
for the year ended 24 March 2024

1. STATUTORY INFORMATION

Clarnor Midlands Limited is a private company, limited by shares, registered in England and Wales. The company's registered number and registered office address can be found on the Company Information page.

The presentation currency of the financial statements is the Pound Sterling (£).

2. STATEMENT OF COMPLIANCE

These financial statements have been prepared in accordance with Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" including the provisions of Section 1A "Small Entities" and the Companies Act 2006.

3. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements have been prepared under the historical cost convention.

Turnover

Turnover represents the value of rents and services invoiced to customers during the year, excluding value added tax.

Tangible fixed assets

Tangible fixed assets are recognised at cost and subsequently measured under the historical cost model being cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes any direct expenditure incurred to bring the asset to its current location and condition necessary for the asset to work as intended by management.

Repairs and maintenance costs are charged to the Income Statement in the period in which they are incurred.

Depreciation is provided at the following annual rates in order to write off the cost of each asset over its estimated useful life.

Plant and machinery	- 10% straight line
Fixtures and fittings	- 10% straight line

Any gains and losses on the disposal of tangible fixed assets are recognised in the Income Statement in the year that the disposal takes place.

Investment property

In accordance with the Financial Reporting Standard 102, investment properties are shown in the Balance Sheet at fair value, with any aggregate surplus or deficit recognised in the Income Statement. Deferred tax is provided on any gain at the rate expected to apply if the property were sold. No depreciation is provided in respect of investment properties

Financial instruments

Basic financial assets, which include trade and other debtors and cash and bank balances, are initially measured at transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the financial asset is measured at the present value of the future receipts discounted at a market rate of interest.

NOTES TO THE FINANCIAL STATEMENTS - continued
for the year ended 24 March 2024

3. ACCOUNTING POLICIES - continued**Taxation**

Taxation for the year comprises current and deferred tax. Tax is recognised in the Income Statement, except to the extent that it relates to items recognised in other comprehensive income or directly in equity.

Current or deferred taxation assets and liabilities are not discounted.

Current tax is recognised at the amount of tax payable using the tax rates and laws that have been enacted or substantively enacted by the balance sheet date.

Deferred tax

Deferred tax is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date.

Timing differences arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in financial statements. Deferred tax is measured using tax rates and laws that have been enacted or substantively enacted by the year end and that are expected to apply to the reversal of the timing difference.

Unrelieved tax losses and other deferred tax assets are recognised only to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits.

Deferred expenditure

Expenditure which the Company incurs on property maintenance but is intended to be recharged on to tenants in the future is carried forward in the Balance Sheet until such time that it is recovered.
