SENDCLOUD LIMITED

NOTES TO THE FINANCIAL STATEMENTS

For the financial period from 10 July 2020 to 31 December 2021

1. Accounting policies

The principal accounting policies are summarised below. They have all been applied consistently throughout the financial period, unless otherwise stated.

General information and basis of accounting

Sendcloud Limited (the Company) is a private company, limited by shares, incorporated in the United Kingdom under the Companies Act 2006 and is registered in England and Wales. The address of the Company's registered office is Unit 21 Elmdon Trading Estate, Bickenhill Lane, Solihull, West Midlands, B37 7HE, United Kingdom.

The financial statements have been prepared under the historical cost convention and in accordance with Section 1A of Financial Reporting Standard 102 (FRS 102) 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' issued by the Financial Reporting Council and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime.

The financial statements are presented in pounds sterling which is the functional currency of the company and rounded to the nearest £.

Going concern

The directors have assessed the Balance Sheet and likely future cash flows at the date of approving these financial statements. The directors have received assurances that the parent company service contract will continue and the parent company will continue to support the Company in order for the Company to continue in operational existence and to meet its financial obligations as they fall due for at least 12 months from the date of signing these financial statements. Accordingly, they continue to adopt the going concern basis in preparing the financial statements.

Foreign currency

Transactions in foreign currencies are recorded at the rate of exchange at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the Balance Sheet date are reported at the rates of exchange prevailing at that date.

Exchange differences are recognised in the Profit and Loss Account in the period in which they arise except for exchange differences arising on gains or losses on non-monetary items which are recognised in the Statement of Comprehensive Income.

SEND CLOUD LIMITED

NOTES TO THE FINANCIAL STATEMENTS (continued)

For the financial period from 10 July 2020 to 31 December 2021

Turnover

Turnover is recognised at the fair value of the consideration received or receivable for services provided in the normal course of business, and is shown net of VAT and other sales related taxes. The fair value of consideration takes into account trade discounts, settlement discounts and volume rebates.

Turnover is recognised when the significant risks and rewards are considered to have been transferred to the customer.

Turnover from shipments is recognised when ordered. Revenue for goods ordered not invoiced is accrued.

Turnover from subscription and surcharge services is recognised in the month to which it relates. Invoices raised in advance are deferred and invoices raised in arrears are accrued.

Employee benefits

Defined contribution schemes

The Company operates a defined contribution scheme. The amount charged to the Profit and Loss Account in respect of pension costs and other post-retirement benefits is the contributions payable in the financial period. Differences between contributions payable in the financial period and contributions actually paid are included as either accruals or prepayments in the Balance Sheet.

Finance costs

Finance costs are charged to the Profit and Loss Account over the term of the debt using the effective interest method so the amount charged is at a constant rate on the carrying amount.

Taxation

Current tax

Current tax is provided at amounts expected to be paid (or recoverable) using the tax rates and laws that have been enacted or substantively enacted at the Balance Sheet date.

Deferred tax

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the Company's financial statements. Deferred tax is provided in full on timing differences which result in an obligation to pay more or less tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws. Deferred tax assets and liabilities are not discounted.

The carrying amount of deferred tax assets are reviewed at each reporting date and a valuation allowance is set up against deferred tax assets so that the net carrying amount equals the highest amount that is more likely than not to be recovered based on current or future taxable profit.

Leases

The Company as lessee

Rentals under operating leases are charged on a straight-line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight-line basis over the lease term.

SEND CLOUD LIMITED**NOTES TO THE FINANCIAL STATEMENTS (continued)****For the financial period from 10 July 2020 to 31 December 2021****Impairment of assets**

Assets, other than those measured at fair value, are assessed for indicators of impairment at each Balance Sheet date. If there is objective evidence of impairment, an impairment loss is recognised in the Profit and Loss Account.

Financial instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities.

Basic financial assets

Basic financial assets, which include debtors and cash and bank balances, are initially measured at transaction price including transaction costs and are subsequently carried at amortised cost using the effective interest method unless the arrangement constitutes a financing transaction, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Financial assets classified as receivable within one year are not amortised.

Basic financial liabilities

Basic financial liabilities, including creditors, bank loans, loans from fellow group companies and preference shares that are classified as debt, are initially recognised at transaction price unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest. Financial liabilities classified as payable within one year are not amortised.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade creditors are obligations to pay for goods or services that have been acquired in the ordinary course of business from suppliers. Amounts payable are classified as current liabilities if payment is due within one year or less. If not, they are presented as non-current liabilities. Trade creditors are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

	<u>94,940</u>

5. Financial commitments**Pensions**

The Company operates a defined contribution pension scheme for the directors and employees. The assets of the scheme are held separately from those of the Company in an independently administered fund.

	31.12.2021
	£
Unpaid contributions due to the fund (inc. in other creditors)	<u>1,167</u>

6. Related party transactions

Remuneration was paid to the directors of £Nil. The directors are the only key management personnel of this company.

The Company has taken advantage of the exemptions available in Section 33 Related Party Transactions of FRS 102 to not disclose transactions between wholly owned subsidiaries in the group.

7. Audit Opinion

The auditor's report on the accounts for the financial period ended 31 December 2021 was unqualified.

The audit report was signed by Alan Poole BA (Hons) FCA on behalf of James Cowper Kreston, Chartered Accountants and Statutory Auditor.
