NOTES TO THE FINANCIAL STATEMENTS
FOR THE PERIOD ENDED 31 JANUARY 2025

1. General information

National Housing Group 1 Limited is a private company limited limited by shares and incorporated in England & Wales (registered number 13712564). The registered office is First Floor, 314 Regent's Park Road, Finchley, London, United Kingdom, N3 2LT.

2. Accounting policies

2.1 Basis of preparation of financial statements

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the requirements and the Companies Act 2006. The disclosure requirements of Section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The following principal accounting policies have been applied:

2.2 Going concern

In assessing the ability of the company to operate as a going concern, management have evaluated current and forecasted operational results, and the solvency of the company. The directors have obtained assurances from the shareholders to continue to provide adequate funds to meet its obligations, and not to demand repayment of any funds due to them, until the company is in a financial position to do so. As a result, the directors consider it appropriate to prepare the financial statements on a going concern basis.

2.3 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes. The following criteria must also be met before revenue is recognised:

Rendering of services

Revenue from a contract to provide services is recognised in the period in which the services are provided in accordance with the stage of completion of the contract when all of the following conditions are satisfied:

- the amount of revenue can be measured reliably;
- it is probable that the Company will receive the consideration due under the contract;
- the stage of completion of the contract at the end of the reporting period can be measured reliably; and
- the costs incurred and the costs to complete the contract can be measured reliably.

2.4 Investment property

Investment property is carried at fair value determined annually by external valuers and derived from the current market rents and investment property yields for comparable real estate, adjusted if necessary for any difference in the nature, location or condition of the specific asset. No depreciation is provided. Changes in fair value are recognised in profit or loss.

2. Accounting policies (continued)

2.5 Creditors

Short-term creditors are measured at the transaction price. Other financial liabilities, including bank loans, are measured initially at fair value, net of transaction costs, and are measured subsequently at amortised cost using the effective interest method.

3. Employees

The average monthly number of employees, including directors, during the period was 2 *(2024 - 2)*.

4. Investment property

	Freehold investment property
	£
Valuation	
At 1 February 2024	**1,690,032**
Additions at cost	**10,144**
At 31 January 2025	**1,700,176**

The 2025 valuations were made by the directors, on an open market value basis.

If the Investment properties had been accounted for under the historic cost accounting rules, the properties would have been measured as follows:

	2025	*2024*
