For the year ended 31 January 2025 the Company was entitled to exemption from audit under section 480 of the Companies Act 2006.

Members have not required the Company to obtain an audit for the year in question in accordance with section 476 of the Companies Act 2006.

The director acknowledges his responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime and in accordance with the provisions of FRS 102 Section 1A - small entities.

The financial statements have been delivered in accordance with the provisions applicable to companies subject to the small companies regime.

The Company has opted not to file the profit and loss account in accordance with provisions applicable to companies subject to the small companies' regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf by:

Ghee Yong Ong
Director

TRAFALGAR HOMES LIMITED
REGISTERED NUMBER: 14575310

BALANCE SHEET (CONTINUED)
AS AT 31 JANUARY 2025

Date: 27 November 2025

The notes on pages 3 to 6 form part of these financial statements.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JANUARY 2025

1. General information

Trafalgar Homes Limited (the "Company") is a private company limited by share capital, incorporated under the UK Companies Act 2006 and domiciled in England. The address of the Company's registered office is 5th Floor, 4 Moorgate, London, England, EC2R 6DA.

2. Accounting policies

2.1 Summary of significant accounting policies

The principal accounting policies applied in the preparation of these financial statements are set out below. These policies have been consistently applied to all reporting periods presented, unless otherwise stated.

2.2 Basis of preparation of financial statements

The financial statements of the Company have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Section 1A of Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland, and the UK Companies Act 2006.

The preparation of financial statements in conformity with Financial Reporting Standard 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Company's accounting policies.

Details of those estimates and/or judgments made in applying the Company's accounting policies towards the preparation of these financial statements that may be considered as yielding a significant risk of a material adjustment being made to the carrying amounts of assets and/or liabilities reported in the balance sheet during the next financial reporting period are disclosed in note 3 to the financial statements.

2.3 Exemption from preparing consolidated financial statements

The Company is exempt from the requirement to prepare consolidated financial statements by virtue of sections 383 and 399 of the Companies Act 2006 as the Company and its subsidiary undertakings, both individually and on consolidation, are subject to the small companies regime.

The financial statements therefore present information about the Company as an individual undertaking and not about its Group.

2.4 Functional and presentational currency

Items included in the financial statements of the Company are measured using the currency of the primary economic environment in which the Company operates (the "functional currency").

The functional currency of the Company, and the currency in which the financial statements are presented (the "presentational currency"), is 'Pounds Sterling' (£) rounded to the nearest single unit of currency.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JANUARY 2025

2. Accounting policies (continued)

2.5 Going concern

The director having reviewed the financial performance of the Company and of its fellow group undertakings up to the date these financial statements were approved, taking into account of possible changes in trading performance, determines that the Company will be able to operate within the level of its current facilities and has a reasonable expectation that the Company has adequate resources available at its disposal to continue in operational existence for the foreseeable future.

While there will always remain inherent uncertainty, the director has no reason to believe that a material uncertainty exists that may cast significant doubt about the ability of the Company to continue as a going concern and therefore considers it both appropriate to continue to adopt the going concern basis in preparing the Company's financial statements and to not recognise any adjustments in the financial statements that would arise if the going concern basis were to become no longer appropriate.

2.6 Fixed asset investments

Fixed asset investments comprise of holdings in unlisted company shares of subsidiary undertakings. Such holdings are a form of financial instrument and are initially recognised at their transaction cost and subsequently measured at cost less provision for impairment at the balance sheet date.

2.7 Financial instruments

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities; with said financial assets and liabilities classified in accordance with the substance of the underlying contractual obligations rather than its legal form.

Financial assets and liabilities are recognised upon becoming party to the contractual provisions of the instrument. Financial assets are derecognised only when the contractual rights to the cash flows from the asset expire or the financial asset is transferred along with substantially all the risks and rewards of ownership of the asset to another party. Financial liabilities are derecognised only when the underlying obligations are discharged, cancelled or expired.

The measurement of specific financial assets, financial liabilities and equity held by the Company is as outlined in notes 2.8 to 2.10 of the financial statements.

2.8 Cash and cash equivalents

Cash balances are reported by the Company as being financial instruments classified as short term receivables and are represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours.

2.9 Creditors

Creditors are initially measured and subsequently held at transaction price.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 JANUARY 2025

2. Accounting policies (continued)

2.10 Equity

Ordinary share capital, shown in equity, is initially measured and subsequently held at its nominal value. Where the transaction price for issued shares exceeds their nominal value, the difference is shown under equity in a share premium account with any directly attributable transaction costs associated with the issuing of said shares deducted from said share premium account.

3. Judgments in applying accounting policies and key sources of estimation uncertainty

In the application of the Company's accounting policies, the director is required to apply judgment and make estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other available sources based on historical experience and other factors that are considered to be relevant. Consequently, actual results may differ from that originally estimated.

In the opinion of the director, there were no judgments, estimates and/or assumptions made in applying the principal accounting policies, outlined in note 2 of these financial statements, towards the preparation of these financial statements that may be considered as having a significant risk of causing a material adjustment to the carrying amount of assets and/or liabilities carried forward as at the balance sheet date where by which the actual future outcome observed may differ from that originally determined and reported.

4. Employees

The average monthly number of employees, including directors, during the year was 0 (2024 - 0).

5. Fixed asset investments
