Strategic report

The directors present their strategic report for the period from 2 January 2016 to 30 December 2016.

Principal activities and review of the business

The company's principal activities are the marketing of branded food products and the marketing and distribution of drinks, grocery, household and healthcare products.

There were no significant changes in the activities of the company during the period. The directors consider that in light of prevailing economic and market conditions, both the results for the period and the prospects for the future are satisfactory.

The company strategy for the coming year is to increase shareholder value through enhancing market share and developing the company's customer base further.

Key performance indicators

The key performance indicator for the company is the gross margin. The gross margin for the period was 4.94% (period ended 1 January 2016 – 5.09%). Other key performance indicators are noted below:

	<i>Period ended 30 December 2016 £</i>	<i>Period ended 1 January 2016 £</i>
Turnover	336,398,155	286,512,459
Profit after tax	2,392,944	1,329,693
Shareholder funds	14,766,775	13,123,831
Average employees during the period (No.)	146	145
Current assets vs current liabilities (quick ratio)	1.16	1.17

Principal risks and uncertainties

The company uses various financial instruments including cash, bank overdrafts, and various items, such as trade debtors and trade creditors that arise directly from its operations. The main purpose of these financial instruments is to raise finance for the company's operations.

The existence of these financial instruments exposes the company to a number of financial risks, which are described in more detail below.

The main risks arising from the company's financial instruments are interest rate risk, currency risk, credit risk, liquidity risk and price and market risk.

The directors review and agree policies for managing each of these risks, and they are summarised below. These policies have remained unchanged from previous periods.

Interest rate risk

The company finances its operations through a mixture of retained profits and bank borrowings. The company's exposure to interest rate fluctuations on its borrowings is managed through annual review of its borrowing requirements.

Currency risk

The company is exposed to translation and transaction foreign exchange risk. In relation to this risk, the company principally uses group level foreign currency contracts with financial institutions in order to hedge against adverse movements exchange rates.

Strategic report

Principal risks and uncertainties (continued)

Credit risk

The company's principal financial assets are cash and debtors. The credit risk associated with cash is limited. The principal credit risk arises therefore from debtors.

In order to manage credit risk the directors assess potential customers based on a mixture of past history, credit references and industry knowledge. Amounts owed are reviewed and followed up on a regular basis.

Liquidity risk

The company seeks to manage financial risk by ensuring sufficient liquidity is available to meet foreseeable needs. Short term flexibility is achieved by holding cash balances and overdraft facilities.

Price and market risk

As the company does not normally make investments, price risk is considered inconsequential.

Directors' report

The directors present their report for the period from 2 January 2016 to 30 December 2016.

Results and dividends

The profit for the period after taxation amounted to £2,392,944 (period ended 1 January 2016 – profit of £1,329,693). The directors paid a final dividend of £750,000 (period ended 1 January 2016 – £500,000).

Future developments

The Directors are committed to long-term creation of shareholder value. 2016 has been a challenging period in a competitive sector, the directors are continuing to focus on driving the business forward and are committed to seeking new business opportunities and continue to implement the growth strategy for the business. While the incoming year is likely to continue to be very challenging, early results indicate we are in line to achieve our expectations for the year.

Directors

The directors who served the company during the period were as follows:

B Salters
J Sloan
E Birchall
A Richmond

Employee involvement

The company's policy is to consult and discuss with employees, as appropriate, matters likely to affect employees' interests. Information of matters of concern to employees is given through information bulletins and reports which seek to achieve a common awareness on the part of all employees of the financial and economic factors affecting the company's performance.

Disabled employees

The company's policy is to recruit disabled workers for those vacancies that they are able to fill. All necessary assistance with initial training is given. Once employed, a career plan is developed so as to ensure suitable opportunities for each disabled person. Arrangements are made, wherever possible, for retraining employees who become disabled, to enable them to perform work identified as appropriate to their aptitudes and abilities.

Health and safety

The company is committed to safeguarding the health, safety and welfare of its employees and providing and by maintaining safe working conditions as far as reasonably practical.

Disclosure of information to the auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information.

Directors' report

Auditors

A resolution to reappoint Ernst & Young LLP as auditors will be put to the members at the Annual General Meeting.

Directors' Responsibilities Statement

The directors are responsible for preparing the Strategic Report, Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial period. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law) including FRS 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'. Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report

to the members of SHS Sales & Marketing (GB) Limited

We have audited the financial statements of SHS Sales & Marketing (GB) Limited for the period from 2 January 2016 to 30 December 2016 which comprises the Profit and Loss Account, the Statement of Comprehensive Income, the Statement of Changes in Equity, the Balance Sheet and the related notes 1 to 17. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 102 'The Financial Reporting Standard applicable to the UK and Republic of Ireland'.

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Respective responsibilities of directors and auditor

As explained more fully in the Directors' Responsibilities Statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view. Our responsibility is to audit and express an opinion on the financial statements in accordance with applicable law and International Standards on Auditing (UK and Ireland). Those standards require us to comply with the Auditing Practices Board's Ethical Standards for Auditors.

Scope of the audit of the financial statements

An audit involves obtaining evidence about the amounts and disclosures in the financial statements sufficient to give reasonable assurance that the financial statements are free from material misstatement, whether caused by fraud or error. This includes an assessment of: whether the accounting policies are appropriate to the company's circumstances and have been consistently applied and adequately disclosed; the reasonableness of significant accounting estimates made by the directors; and the overall presentation of the financial statements. In addition, we read all the financial and non-financial information in the Strategic Report and Directors' Report to identify material inconsistencies with the audited financial statements and to identify any information that is apparently materially incorrect based on, or materially inconsistent with, the knowledge acquired by us in the course of performing the audit. If we become aware of any apparent material misstatements or inconsistencies we consider the implications for our report.

Opinion on the financial statements

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 30 December 2016 and of its profit for the period then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including FRS 102 'The Financial Reporting Standard applicable to the UK and Republic of Ireland'; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Independent auditors' report

to the members of SHS Sales & Marketing (GB) Limited

Opinion on other matter prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial period for which the financial statements are prepared is consistent with the financial statements
- the Strategic Report and the Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In light of the knowledge and understanding of the Company and its environment obtained in the course of the audit, we have identified no material misstatements in the Strategic Report or Directors' Report.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Notes to the financial statements

For the period from 2 January 2016 to 30 December 2016

1. Accounting policies

Statement of compliance

The SHS Sales & Marketing (GB) Limited is a company limited by shares and incorporated in Northern Ireland. The Registered Office is SHS House, 199 Airport Road West, Belfast, BT3 9ED.

The company's financial statements have been prepared in compliance with FRS 102 as it applies to the company for the period ended 30 December 2016.

Basis of preparation

The financial statements are prepared under the historical cost convention and in accordance with applicable accounting standards.

The financial statements are prepared in Sterling which is the functional currency of the company and no rounding has been applied.

Reduced disclosure framework

The company has taken advantage of the following disclosure exemptions under FRS 102:

- (a) The requirements of Section 4 *Statement of Financial Position* paragraph 4.12(a)(iv).
- (b) The requirements of Section 7 *Statement of Cash Flows* and Section 3 *Financial Statement Presentation* paragraph 3.17(d).
- (c) The requirements of Section 11 *Basic Financial Instruments* paragraphs 11.41(b), 11.41(c), 11.41(e), 11.41(f), 11.42, 11.44, 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c) and Section 12 paragraphs 12.26.
- (d) Section 33 *Related Party Disclosures* paragraph 33.7.

The company's ultimate parent undertaking and controlling party is SHS Group Limited, a company incorporated in Northern Ireland, which is the parent undertaking of the largest group to consolidate these financial statements. SHS Group Limited financial statements are available from 199 Airport Road West, Belfast, Co Antrim, Northern Ireland.

Going concern

The directors have assessed, based on the anticipated activities of the company, that there are adequate resources in place to meet the ongoing costs of the business for a minimum of 12 months from the date of signing the financial statements. In coming to this conclusion, the directors have assessed the entity's current financing arrangements and liquid resources. For this reason the financial statements have been prepared on a going concern basis which presumes the realisation of assets and liabilities in the normal course of business.

Judgements and key sources of estimation

The preparation of the financial statements requires management to make judgements, estimates and assumptions that affect the amounts reported for assets and liabilities as at the balance sheet date and the amounts reported for revenues and expenses during the period. However, the nature of estimation means that actual outcomes could differ from those estimates. The following estimates have had the most significant impact on amounts recognised in the financial statements.

The following are the company's key sources of estimation uncertainty:

Taxation

The company establishes provisions based on reasonable estimates, for possible consequences of audits by the tax authorities of the respective countries in which it operates. The amount of such provisions is based on various factors, such as experience with previous tax audits and differing interpretations of tax regulations by the taxable entity and the responsible tax authority.

Notes to the financial statements

For the period from 2 January 2016 to 30 December 2016

1. Accounting policies (continued)

Turnover

The turnover shown in the profit and loss account represents income from the marketing of Farmlea branded food products and the marketing and distribution of drinks, grocery and healthcare products, exclusive of Value Added Tax.

Turnover is recognised upon the delivery of goods.

Financial instruments

The company has chosen to adopt Sections 11 and 12 of FRS 102 in respect of financial instruments.

(i) Financial assets

Basic financial assets, including trade and other debtors and cash and bank balances are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the transaction is measured at present value of the future receipts discounted at a market rate of interest.

Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the statement of comprehensive income.

If there is decrease in the impairment loss arising from an event occurring after the impairment was recognised, the impairment is reversed. The reversal is such that the current carrying amount does not exceed what the carrying amount would have been had the impairment not previously been recognised. The impairment reversal is recognised in the statement of comprehensive income.

Financial assets are derecognised when (a) the contractual rights to the cash flows from the asset expire or are settled, or (b) substantially all the risks and rewards of the ownership of the asset are transferred to another party or (c) despite having retained some significant risks and rewards of ownership, control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

(ii) Financial liabilities

Basic financial liabilities, including trade and other payables and bank overdrafts are initially recognised at transaction price, unless the arrangement constitutes a financing transaction, where the debt instrument is measured at the present value of the future payments discounted at a market rate of interest.

Debt instruments are subsequently carried at amortised cost, using the effective interest rate method.

Trade payables are obligations to pay for goods or services that have been received in the ordinary course of business from suppliers. Trade payables are classified into amounts falling due within one year if payment is due within one year or less. If not, they are presented as amounts falling due after one year. Trade payables are recognised initially at transaction price and subsequently measured at amortised cost using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, that is when the contractual obligation is discharged, cancelled or expires.

Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Fixtures and fittings	–	10-15% straight-line
Office equipment	–	10-20% straight-line
Motor Vehicles	–	25% straight-line

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Notes to the financial statements

For the period from 2 January 2016 to 30 December 2016

1. Accounting policies (continued)

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all costs incurred in bringing each product to its present location.

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal.

Foreign currencies

Transactions in foreign currencies are initially recorded in the company's functional currency by applying the spot exchange rate at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the profit and loss account.

Operating leases

Rentals applicable to operating leases where substantially all of the benefits and risks of ownership remain with the lessor are charged against profits on a straight-line basis over the period of the lease.

The company has not applied paragraphs 20.15A or 20.25A to lease incentives where the lease commenced before the date of transition to FRS 102. It has continued to recognise any residual benefit or cost associated with these lease incentives on the same basis that applied prior to transition to FRS 102.

Deferred taxation

Deferred tax is recognised in respect of all timing differences which are differences between taxable profits and total comprehensive income that arise from the inclusion of income and expenses in tax assessments in periods different from those in which they are recognised in the financial statements.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

Pensions

Retirement benefits to employees of the company are provided by the SHS Group Limited pension scheme. The company's staff comprise a percentage of the overall membership of this scheme. The company has no influence on the level of contributions and is unable to identify its share of underlying liabilities or assets in the scheme. As such payments to the scheme are accounted for by the company as a defined contribution scheme in line with the requirements of FRS 102 section 28 "Employee Benefits". Contributions to the scheme are charged to the profit and loss account. The contributions are estimated so as to spread the cost of pensions over employees working lives with the company in such a way that the pension cost is a substantially level percentage of current and future pensionable payroll. The contributions are determined by qualified actuaries on the basis of triennial valuations using the projected benefits valuation method.

SHS Group Limited has fully complied with the accounting and disclosure requirements of FRS 102 section 28 "Employee Benefits".

The company also operates a defined contribution pension scheme for employees. The assets of the scheme are held separately from those of the company. The annual contributions payable are charged to the profit and loss account.

2. Turnover

The whole of the turnover is attributable to the principal activities of the company.

All turnover arose within the United Kingdom and relates to sale of goods.
