NOTES TO THE ABBREVIATED ACCOUNTS FOR THE YEAR ENDED 31 MARCH 2012

1. Accounting Policies

1.1 Basis of preparation of financial statements

The full financial statements, from which these abbreviated accounts have been extracted, have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008) and the requirements of the Statement of Recommended Practice "Accounting by Limited Liability Partnerships"

1.2 Turnover

Turnover comprises revenue recognised by the LLP in respect of goods and services supplied during the year, exclusive of Value Added Tax and trade discounts

Revenue is generally recognised as activity progresses so that for incomplete service contracts it reflects the partial performance of contractual obligations. For such contracts the amount of revenue reflects the accrual of the right to consideration by reference to the value of work performed. Where work is substantially complete it has been valued at net realisable value including an estimate of the attributable profit. Revenue not invoiced to clients is included within other debtors.

Fee income that is contingent on events outside the control of the LLP is recognised when the contingent event occurs.

1.3 Goodwill

Goodwill is the difference between amounts paid on the acquisition of a business and the fair value of the identifiable assets and liabilities. It is amortised to the Profit and loss account over its estimated economic life.

Amortisation is provided at the following rates:

Goodwill	-	Amortised over 20 years
----------	---	-------------------------

1.4 Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value, over their expected useful lives on the following bases:

Plant and equipment	-	20 - 33 33% straight line
Motor vehicles	-	33% straight line
Fixtures & fittings	-	20 - 33 33% straight line

1.5 Operating leases

Rentals under operating leases are charged to the Profit and loss account on a straight line basis over the lease term.

Benefits received and receivable as an incentive to sign an operating lease are recognised on a straight line basis over the period until the date the rent is expected to be adjusted to the prevailing market rate.

1.6 Work in progress

Work in progress is stated at the lower of cost and net realisable value. Cost includes employee remuneration costs, other direct expenses and a proportion of overheads. Net realisable value is based on estimated selling price less further costs expected to be incurred to completion.

Where work is carried out on a contingent fee basis full provision is made against the costs involved until the likely outcome of the work can be foreseen.

1.7 Pensions

The LLP contributes to individually arranged personal pension schemes for the benefit of employees. Premiums are charged to the profit and loss account in the period during which they become payable.
