Notes to the abbreviated accounts

For the period ended 29 January 2011

1 Accounting policies

1.1 Accounting convention

The accounts are prepared under the historical cost convention modified to include the revaluation of freehold land and buildings.

The company has taken advantage of the exemption provided by Section 403 of the Companies Act 2006 not to prepare group accounts. These accounts therefore present information about the company as an individual undertaking and not about its group.

The company has taken advantage of the exemption in Financial Reporting Standard No 1 from the requirement to produce a cash flow statement on the grounds that it is a small company.

1.2 Compliance with accounting standards

The accounts are prepared in accordance with applicable United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), which have been applied consistently (except as otherwise stated).

1.3 Turnover

Turnover represents income from the letting of property and management charges and arises wholly in the United Kingdom.

1.4 Tangible fixed assets and depreciation

Tangible fixed assets other than freehold land are stated at cost or valuation less depreciation. Depreciation is provided at rates calculated to write off the cost or valuation less estimated residual value of each asset over its expected useful life, as follows:

Land and buildings Freehold

Motor vehicles

25% straight line method

Heritable property is included at valuation. In the directors' opinion the residual value of the property is not materially different from the carrying amount of the property, such that depreciation, as required by the Companies Act 2006 and Financial Reporting Standards, would not be material.

1.5 Leasing and hire purchase commitments

Assets obtained under hire purchase contracts and finance leases are capitalised as tangible assets and depreciated over the shorter of the lease term and their useful lives. Obligations under such agreements are included in creditors net of the finance charge allocated to future periods. The finance element of the rental payment is charged to the profit and loss account so as to produce a constant periodic rate of charge on the net obligation outstanding in each period.

1.6 Investments

Fixed asset investments are stated at cost less provision for diminution in value.

1.7 Pensions

The company operates a defined contribution scheme for the benefit of its employees. Contributions payable are charged to the profit and loss account in the period they are payable.

1.8 Taxation

Deferred taxation is provided in full in respect of taxation deferred by timing differences between the treatment of certain items for taxation and accounting purposes. The deferred tax balance has not been discounted.
